

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

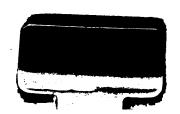

About Google Book Search

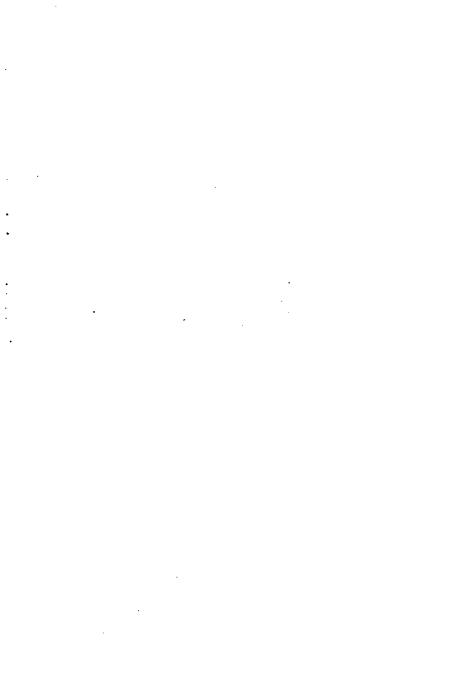

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at http://books.google.com/

PREFACE.

Or the conjectural emendations in the text of the Medea which have been, especially during the last few decades, proposed in great numbers, such and such only have been adopted in the present edition as seemed to me either quite certain or in the highest degree probable. For the rest the best manuscripts have been closely followed in the main. Anything like an incisive treatment of the text is, in my opinion, out of place in editions intended for learners. Only in a few hopelessly garbled passages the need of furnishing a readable text in decent metrical form has led me to admit bolder and more uncertain alterations. Here due warning is given the reader in the notes.

In interpretation I have striven for correctness rather than for originality, and have of course derived much from others. Brevity had to be studied, but I have not knowingly slurred over any real difficulty.

The following editions have been used: Porson's; Elmsley's (German reprint with Hermann's notes); Kirchhoff's editions of 1855 and 1867; Dindorf's (Oxford edition 1839, and Poetae Scenici 1868); Nauck's 3d edition, 1871,

also his Euripideische Studien; Schoene's Medea, 1853; Pflugk and Klotz's 3d edition, 1867; Witschel's, 1858; Paley's 2d edition, 1872; Weil's, 1868; Hogan's Medea, 1873; Wecklein's Medea, 1874. This last-named excellent work has been of especial use.

Corrections or suggestions from any quarter will be gratefully received.

F. D. A.

CINCINNATI, September, 1876.

INTRODUCTION.

I. EURLPIDES.

§ 1. Life. — What we know of Euripides' personal history, excluding what is plainly fabulous, is substantially this. lived from 480, or a little earlier, to 406 B. C. belief was that he was born in Salamis on the day of the seafight, but this has the air of an invention. His father's name was Mnesarchus or Mnesarchides; his mother's, Clito. The latter at least was of humble origin. Euripides was of a studious and speculative turn, an ardent disciple of the philosophers and sophists of his day, Anaxagoras, Prodicus, Socrates, and others. first play he exhibited at the age of twenty-five; thirteen years later he gained for the first time the first prize. Of a gloomy temperament, never personally popular with his countrymen, and not successful in his profession at first (he won only five dramatic victories), he seems to have suffered from a morbid sensitiveness, a consciousness of being misunderstood, a feeling sometimes reflected in his works. He lived aloof from the world, in the midst of his large collection of books. There was some trouble in his domestic relations; with neither his first nor his second wife did he live happily. His last years were spent abroad, first in Magnesia, then at the court of Archelaus, the Macedonian king, at Pella, where he died and was buried, a cenotaph being erected at Athens. He left three sons, the youngest of whom followed his father's profession. larity of his plays at the close of his life and throughout later antiquity was extraordinary.

- § 2. Works. Of Euripides' 75 (according to others 92) plays, there have come down to us 19, or excluding the 'Pησος, which is almost universally thought to be spurious, 18. These are: "Αλκηστις, 'Ανδρομάχη, Βάκχαι, 'Εκάβη, 'Ελένη, 'Ηλέκτρα, 'Ηρακλείδαι, 'Ηρακλής μαινόμενος, 'Ικετίδες, 'Ιππόλυτος, 'Ιφιγένεια ἡ ἐν Ταύροις, "Ιων, Κύκλωψ (a satyric drama), Μήδεια, 'Ορέστης, Τρωάδες, Φοίνισσαι. The dates of the following six are known with certainty: Alcestis, 438; Medea, 431; Hippolytus, 428; Troades, 415; Helena, 412; Orestes, 408. A few others can be approximately placed. The Bacchae and Iphigenia in Aulis were produced after the poet's death.
- § 3. Spirit and Tendency. Though a contemporary of Sophocles, Euripides belongs in spirit to a different age. He is a representative of the new Athens of his time, of the new ideas, political, moral, and aesthetic, which were just coming into vogue, supplanting the sterner and simpler notions of the old-fashioned citizens. It is the Athens of Demosthenes and Praxiteles, rather than that of Pericles and Phidias, for which Euripides wrote. Rhetoric and philosophical speculation had much to do with this change. Euripides shares the artificial tastes and the sceptical spirit of the new school.
- To give vivid pictures of human passion is Euripides' chief aim, and in this his strength lies. He is in no sympathy with the mythical spirit; the myths he uses only as the vehicle of his own conceptions. The notion of an all-controlling Fate and of a hereditary family curse are much less prominent than with Aeschylus and Sophocles. There is less lofty ideality in his conceptions; his characters are more like those of every-day life, their passions less removed from common experience. This accords in general with modern taste; indeed, it has often been observed that Euripides stands nearer to the modern dramatists than do his predecessors. He excites often a livelier sympathy; hence Aristotle calls him "the most tragic of the poets." But Euripides has sometimes gone too far in this direction, and introduced characters too commonplace and incidents altogether trivial.

- § 4. Style. Euripides is smooth and dexterous in the use of language; free from the turgidity of Aeschylus, but not free from rhetorical artifice. Even smaller verbal quibbles, paradoxical expressions, alliterations, and the like, he does not disdain. Characteristic of him are the long arguments between his personages on questions of right and wrong, sometimes quite irrelevant to the matter in hand. Almost every play has one or more of The author delights, even when one side is manifestly in the wrong, to display his skill in making out a specious argument. He is fond of philosophizing through the mouths of his characters, and the abundance of maxims (γνωμαι), reflections, and generalizations on social and religious topics - another effect of the rhetorical training of that day - went far to render Euripides attractive in later times. The histrionic art had developed in his day, and this influenced composition; the actors had to be furnished with telling and pointed speeches and striking situ-Scenery, too, had come to be a matter of importance, and some plays (Troad., Her. Fur.) must have depended largely on their scenic effects for success.
- § 5. Form. The internal economy of his plays is often defective; his plots lack coherence and compactness. he relies on striking passages and thrilling scenes more than on unity and symmetry of the whole. But there is much difference among his plays in this respect. Two things have been especially blamed: 1. The so-called $\theta \epsilon \delta s$ $\delta \pi \delta \mu \eta \chi a \nu \eta s$, the express interference of a god at the end of the play to solve the difficulties of 2. His prologues, long soliloquies in which the the situation. situation is expounded, often baldly and awkwardly, to the hear-Euripides was responsible for metrical and musical innovations concerning the merits of which we can no longer judge. The chorus is diminished in importance; its odes are often mere interludes, having little to do with the dramatic situation. later pieces show frequent resolutions in the iambi, and contain long and irregularly constructed monodies.
 - § 6. Moral Tendency. Euripides has been unjustly at-

tacked (notably by Aristophanes the comedian, and in modern times by Schlegel) on ground of exercising a debasing influence on morals. But much that seemed corrupting to his conservative contemporaries, as Aristophanes, cannot appear so to us; and those sentiments which have been cited as inculcating false morality seem mostly harmless when taken in connection with the situation and the persons who utter them. They are not to be taken for Euripides' own sentiments. To a few places in which the justice and providence of the gods are openly denied, exception may, perhaps, be fairly taken.

§ 7. His Misogynism was much blamed by the ancients, but this trait has been greatly exaggerated. Euripides brings forward in several plays women of strong passions and doing great mischief (Medea, Phaedra, Hecuba), but on the other hand has depicted noble and admirable types of womanhood (Alcestis, Iphigenia, Macaria). He possessed a deep insight into female character, and was fond of portraying it in all its phases, the dark as well as the light. He is particularly skilful in this, and his women, even the bold and unlovely ones, are thoroughly feminine.

Without trying to excuse his many defects, and without pretending to rank him with Aeschylus and Sophocles, we must yet recognize in Euripides dramatic genius of a high order.

- § 8. Manuscripts and Scholia. The Euripidean manuscripts were first classified by Kirchhoff in his edition of 1855. Those which possess any authority form two classes. Nine plays (Hec., Or., Phoen., Med., Hipp., Alc., Andr., Troad., Rhes.) are extant in Mss. of both classes, the remaining ten in those of the second class only. These last plays were little known and read by the Byzantines, and have narrowly escaped perishing altogether.
- CLASS 1. Uninterpolated copies (complete or partial) of a recension current in the Middle Ages, comprising the nine plays above mentioned. These Mss. have the highest authority. The principal ones are: Codex Marcianus in Venice (5 plays),

Cod. Vaticanus (9 plays), Cod. Havniensis (Copenhagen, 9 plays), Cod. Parisinus (6 plays).

CLASS 2. Copies of a different and far rarer recension which embraced at least 19 pieces, but contained a text of less purity, which had been tampered with by would-be correctors. The authority of these Mss. is therefore inferior, and the plays found only in them are accordingly difficult of criticism and cannot be so nearly restored. The two most important Mss. of this class are Cod. Palatinus at Rome (13 plays) and Cod. Florentinus (18 plays).

Scholia exist only to the nine plays found in Mss. of Class 1. Some of them are old and valuable. They are edited by W. Dindorf, Oxford, 1863, in 4 vols.

- § 9. Editions.—I name only the most important and comprehensive, omitting all of single plays:—
 - R. Porson (4 plays), 1797-1811.
 - P. Elmsley (3 plays), 1813-1821.
 - G. Hermann (12 plays), 1800 1841.
 - A. Matthiae, large edition, 10 vols., 1813-1837. Now antiquated.

W. Dindorf, Oxford edition with notes, 4 vols., 1832-1840. Most recently in Poetae Scenici Graeci, Leipzig, 1870.

Pflugk and Klotz (11 plays), Gotha and Leipzig, 1840 - 1867. Over-conservative.

- A. Kirchhoff, larger edition with critical notes only, 2 vols., Berlin, 1855. This edition marks a new epoch in the text-criticism. Smaller edition with chief variants, 3 vols., Berlin, 1868.
 - A. Nauck, Text, 2 vols., Leipzig, 1871. Valuable emendations.
- $F.\ A.\ Paley,\ English\ notes,\ 3\ vols.,\ London,\ 1858-1860$ (Vols. I. and II. now in second edition, 1872-1875).
 - H. Weil (7 plays), French notes, Paris, 1868.

Of separate editions of the Medea the following deserve mention:—

Kirchhoff's, Berlin, 1852. Schoene's, Leipzig, 1853.

Wecklein's, Leipzig, 1874.

II. THE MEDEA.

- § 10. The Medea was produced B. c. 431, with the Philoctetes, Dictys, and Theristae, and took only the third rank. It is presumably the earliest of the preserved plays, except the Alcestis. In merit it ranks at least as high as any.
- § 11. Outline of the Plot. Medea is the daughter of Aeetes, king of Colchis, and like her father's sister, Circe, is endowed with knowledge of magic. Enamored of Jason, who comes with the Argonauts in quest of the Golden Fleece, she has enabled him by her arts to accomplish the tasks imposed on him by Aeetes, - the yoking of the fire-breathing bulls, the sowing of the dragon's teeth, the destruction of the crop of armed warriors, -and finally to slay the dragon which guarded the fleece itself; she has killed her brother Apsyrtus to facilitate their escape by detaining the pursuers, and has fled with Jason to They arrive at Iolcus in Thessalv, where the crafty Pelias, Jason's uncle, is king. The throne is rightfully Jason's. for Pelias had seized it from Aeson, Jason's father, and between the usurper and the rightful claimant there is mutual fear and In Jason's behalf Medea compasses the death of Pelias; she persuades his own daughters to slay him and boil him in a kettle, in the belief that through her enchantments they will thus be able to renew his youth. From the consequences of this deed Jason and Medea seek refuge in flight, and make their abode in Corinth. Here they live peacefully as exiles for a time, but Jason presently tires of his barbarian spouse, devoted though she is, and longs for a connection which shall advance him in wealth and dignity in his new home; accordingly he deserts Medea, and receives in marriage the daughter of Creon, the king of the country. All the passion of Medea's wild and unbridled nature is roused by this indignity. Here the play opens.

Prologue (1-130). — Medea's nurse in a soliloquy sets forth

\$480°

the situation and describes her mistress's passionate grief, which she fears may lead her to some desperate deed. The $\pi a \iota \delta a \gamma \omega \gamma \delta s$ or slave-guardian of Medea's two children enters with his charge. He has heard a rumor that Medea and the children are banished by a royal edict. He is bidden to withhold this from Medea, and to keep the boys in close seclusion. Medea's voice is heard from within in outbursts of despair and rage.

Parodus (131-213). — The Chorus of Corinthian women, friends of Medea, approach to express their sympathy. Medea still speaks from within. The nurse, at the request of the chorus, enters the house to persuade her mistress to appear.

First Episode (214-409). — Medea comes forth in answer to the summons, in a calmer mood. She describes her forlorn condition feelingly, and exacts from the chorus a promise of silence in case she shall find means for requiting her enemies. Creon now enters to announce the decree of exile against her, on ground of threats uttered against the royal family. Medea feigns submission and innocence, and by humble entreaty obtains a respite of one day. No sooner is Creon's back turned than her mien changes, and she declares her intention of accomplishing her revenge within the allotted day, — by her secret arts, should any refuge open to her where she may afterwards seek safety, otherwise openly, dagger in hand. She will meanwhile wait to see whether such means of safety shall present themselves.

First Stasimon (410 - 445). — A choral ode.

Second Episode (446-626).—A spirited scene between Jason and Medea. The former comes to effer Medea money for her journey. To her passionate invective Jason replies with what sophistry he may. The calm impudence with which he proffers his wretched excuses for his conduct, and even feigns to act the magnanimous toward the woman he has wronged, reveal him as a heartless villain. His offers of assistance are scornfully rejected.

Second Stasimon (627 - 662). — A choral song.

Third Episode (663 - 823). — The hoped-for aid comes to Me-

dea in the person of Aegeus, who chances to be passing through Corinth on his way to consult Pittheus concerning an obscure oracle which has been given him at Delphi. He asks the cause of Medea's grief, and at her entreaty promises her protection if she will come to his court at Athens. When Aegeus is gone, Medea unfolds to the chorus the plan which she has dimly had in mind from the outset. She will send her children to the princess, Jason's bride, entreating her intercession in their behalf, and they shall take her as a present a poisoned robe, to put on which will be certain death. Having thus destroyed her rival, she will slay her own children as the bitterest retaliation she can inflict on Jason. In pursuance of this plan the nurse is despatched to summon Jason to a new interview.

Third Stasimon (824-865). — Choral ode.

Fourth Episode (866-975).—Jason reappears, and Medea in an altered tone pretends to have considered the matter anew, and to have laid aside her wrath. She asks forgiveness for her former language, expresses approval of his course, and begs for his good offices with his bride in behalf of the children. Jason, thrown completely off his guard, promises this, and the boys are sent with the gifts. Remarkable in this scene is the mixture of real and pretended feeling on Medea's part; in the midst of her feigned contrition she is melted to real tears at the thought of what awaits the children.

Fourth Stasimon (976 - 1001). - Choral ode.

Fifth Episode (1002-1250). — The paedagogus, returning with the children, announces that their mission has been successful, and that the boys are freed from the sentence of banishment. Medea bids him retire, and struggles long with herself; her heart fails her when she thinks of child-murder, but her evilpassions nerve her to the deed. A pause ensues while they await further news, which is filled by a long anapaestic passage from the chorus. Then a messenger arrives in breathless haste to bring tidings of the catastrophe. The princess and Creon are killed by the poisoned robe. Their death is described at length. Medea enters the house to slay her children.

M.262

/ Fifth Stasimon (1251-1292). — The chorus implores the gods to prevent the unnatural crime. The cries of the ill-fated children are heard from within.

Exodus (1293-1419). — Jason comes hoping to save his children from the hands of the exasperated Corinthians. Learning what has just happened, he is overwhelmed with rage and sorrow. As he is trying to force his way into the dwelling, Medea, with the bodies of the children, appears aloft in a chariot drawn by winged dragons, which has suddenly been sent to her aid by Helios. After some further parley, Medea announces that she will bury the bodies in the temple of Hera Acraea, and institute a solemn feast in their honor; then predicting Jason's death, she departs exulting in the completeness of her revenge.

§ 12. Remarks. — The interest all centres in Medea and her all-absorbing passion. Her love and hate are terrible in their strength. The poet lays stress on her being a foreigner; he means to depict human nature in its wilder phase, with passions unmitigated by the restraining influences of laws and Hellenic civilization. Aside from this vehemence there is no grandeur in the character, no moral elevation. **Our sympathy can only partly go with her; we cannot, even from a Greek point of view, approve her revenge, nor regard it as a deed necessary under the circumstances; yet there is a vivid reality in it.

But how is it that the murder of his children is so terrible a punishment for Jason, worse than even his own death, which Medea is perfectly able to bring about? Certainly it is not that Jason loves the children so extraordinarily. For although 562 flg., 914 flg. he affects great interest in their welfare, still this does not prevent his acquiescing quite unconcernedly in the decree which banishes them, nor does it occur to him to attempt to have this decree revoked until Medea, 940, proposes it; his indifference to his children is subject of remark, 76, and Medea taunts him with it, 1396, 1401. He first shows real solicitude in their behalf after the death of his bride. The real force of the punishment consists then in leaving him without children to

perpetuate the family and to support him in old age, and is fully felt only in connection with the murder of his new wife, which cuts off all hope of future offspring. The bitterness of this lot to a Greek mind can be only imperfectly understood by us. To him the extinction of his race was a terrible misfortune. And that herein lies the weight of Medea's revenge is plain from 803 flg. and 1348. It is, however, to be noted that the poet ignores the obvious possibility that Jason may take yet a third wife and beget children. We might, indeed, understand the prediction of Jason's death, 1386, as intended to cut off this resource, if we supposed a speedy death to be meant; but that again is hardly consistent with the words $\mu \acute{\epsilon} \nu \acute{\epsilon} \kappa \acute{\alpha} i \gamma \acute{\eta} \rho as$, 1396. There is, therefore, plainly, this weak point in the construction of the piece.

The sending of the dragon-chariot is a sudden intervention on the part of the god, for otherwise Medea's excuse for her childmurder, that the boys must in any case die (1060, 1236), would not hold good, since there would be the possibility of her saving them as well as herself by flight. Aristotle blames this supernatural intervention at the close, but there is this to be said for it, that the winding-up of the action does not depend in any great measure on it, there being nothing to show that Medea herself could not escape without the chariot, as she has expected to do throughout. The most that the chariot does is to enable her to rescue and bury the bodies of the children, and to appear triumphant in the last colloquy with Jason, while it enhances, of course, the scenic effect of the close, With more justice one might find fault with the introduction of Aegeus, whose appearance just at the nick of time is purely accidental and not brought about by anything in the action itself. In fact this scene has little dramatic interest or import, and seems to be introduced mainly to bring on the stage an Athenian national hero.

It is somewhat surprising to find Medea at the end imposing a festival in atonement for her own crime on the Corinthians, whom she has just made her bitter enemies. We must suppose that the authority of Hera is to effect this, who is the protectress of Medea as of all the Argonauts.*

The character of Jason is that of complete selfishness, a selfishness which has overrun and stifled his natural good impulses. Creon is imperious but well-meaning. Aegeus is a mere lay-figure. The servants, on the other hand, are well conceived; the nurse, with her bustling anxiety, is particularly good.

- § 13. Question of Double Recension.—There seems to be some reason for thinking that the Medea has undergone a revision or alteration since its first production, and that we have not the play exactly in its original form. Porson, Boeckh, Hermann, and others have thought this; Elmsley, Matthiae, Pflugk, have denied it. The chief considerations in favor are: 1. The dittography (passage written in two ways), 723, 724, 729, 730 = 725-728; see note. Hermann thinks 777 = 778, 779, another 2. Words quoted from Medea, but not found in our play. Such are the words & θερμόβουλον σπλάγχνον, said by the Schol. Aristoph. Ach. 119 to be ἐν τῆ Μηδεία Εὐριπίδου. Aristophanes Pax 1012 quotes ἐκ Μηδείας (whose Medea he does not say) ὀλόμαν, δλόμαν, not in our Medea (yet see 97), but found Iph. T. 152. Lastly in Ennius' Medea is a translation of the verse $\mu\iota\sigma\hat{\omega}$ $\sigma\circ\phi\iota$ στην όστις οὐχ αὐτῷ σοφός, which Cicero (Fam. 13, 15) quotes from Euripides. None of these reasons are cogent; the dittography may be due to an interpolator, the Scholiast and Aristophanes might have quoted carelessly, and the Ennian verse is probably a case of contaminatio. Other things that have been urged as evidence of a double recension are altogether trifling.
- § 14. Relation to Neophron's Medea. Neophron, a contemporary of Euripides, wrote a Medea which, according to Aristotle and Dicaearchus (see the first Hypothesis), served as a model for Euripides; nay, they seem to think the latter guilty of plagiarism in appropriating Neophron's work.

^{*} Boeckh fancied that in the first edition of the piece it was Hera herself who commanded this in person.

And in truth Neophron's play, as is plain from the extant fragments (see Appendix), was very like Euripides'. Aegeus was introduced, but as coming expressly to consult Medea about the oracle, not as on his way to Pittheus. There was likewise a scene corresponding to 1021 fig., in which Medea wavered between love for her children and desire for revenge. And at the end Jason's death was predicted by Medea as at 1386, not, however, the same manner of death, but suicide.

If, as is implied in the above statement, Neophron's play was written before Euripides', the credit for the design must be due in large measure to the former; Euripides must have followed him closely in the plot and construction of the piece, though that he borrowed his language is unlikely.* But the peculiar power of the Euripidean play seems to have thrown its predecessor quite into the shade.

§ 15. Scenery, etc. — The scene represents the front of Medea's house, the orchestra an open space before it. The palace and Jason's house are supposed to be on the right, the side whence personages coming from the city or harbor regularly entered. At the end of the piece Medea and her dragon-car appear aloft, either upon the $\mu\eta\chi\alpha\nu\dot{\eta}$, a contrivance for sudden apparitions situated at the top of the scene-wall, or on the $\alpha\dot{\iota}\dot{\omega}\rho\eta\mu\alpha$, a swinging machine suspended with cords from above.

The Protagonist had of course the part of Medea; the Deutera-gonist probably those of the nurse, Jason, and the messenger; the Tritagonist those of the paedagogus, Creon, and Aegeus. The few lines assigned the boys (outcries from behind the scene) would also be spoken by the Deuteragonist and Tritagonist.

^{*} Wecklein contends that the notice in question is wrong, and that Euripides' first Medea was older than Neophron's. But surely Aristotle and his pupil were in a situation to know from the original records to which play the priority belonged.

III. ORIGIN AND DEVELOPMENT OF THE MYTH.

- § 16. Medea's adventures at Corinth seem at first view to be a sort of appendage or sequel to the story of the Argonautic expedition; in reality, however, they are a separate and independent legend which was only later brought into connection with the Argonauts. The Corinthian Medea is essentially a distinct personage from the Argonautic, although both are perhaps developments of the same germinal idea.
- § 17. The Argonautic Story.—This legend was at home among the Minyae of Iolcus and Orchomenus; it was their national epic in the earliest times, later modified and enlarged beyond its original boundaries by the poets, so that it became common Hellenic property. Aea, the land where the Golden Fleece is kept, is a sunny enchanted island in the distant sea. Homer thinks of it as somewhere in the west, but the Minyans, whose sea-outlook was an easterly one, must naturally have sought it in the east, and there it became at last fixed.

The Homeric Poems allude simply to the Argonaut myth as something well known, mention Jason as having passed the $\pi\lambda\alpha\gamma\kappa\tau\alpha\acute{\iota}$ or clashing rocks, and as having visited Lemnos, know Acetes as son of Helios and sister of Circe.* Medea is not spoken of.

Hesiod's Theogony, 960 flg., 992 flg. Here is the earliest mention of Medea. She is daughter of Aeetes and Idyia, helps Jason perform the στονόεντες ἄεθλοι laid on him by Pelias, returns with Jason to Iolcus, lives with him there and bears a son, who is reared by Chiron the centaur. Medea is here distinctly a goddess.

^{*} Od. κ 137, μ 70; Il. η 468.

Pindar in the fourth Pythian ode gives a long and beautiful account of the sending of the expedition, and the adventures of the Argonauts, which closes with the return of Jason and Medea. Colchis is now for the first time fixed as the abode of Acetes.

Of other poets' treatment of this theme we know next to nothing. Only in its latest phase, with many embellishments, it reappears in the Argonautica of Apollonius.

Medea's rôle in this myth is a subordinate one. She is but the enchantress who helps Jason obtain the fleece. Preller thinks that the old fable closed with the death of Pelias through her wiles.

§ 18. The Corinthian Legend. — That this is not a mere amplification of the Argonautic story, but a primitive local myth, is clear from this, that it was bound up with very ancient religious rites. The Corinthians had, we know, the custom of performing yearly propitiatory sacrifices to atone for the murder of Medea's children; this rite was celebrated in connection with the worship of Hera ἀκραία, a national divinity of Corinth. Their sepulchre was shown at Corinth in Pausanias' time. The tale was variously told, and its earlier forms are quite unlike the tragic story. The germ is everywhere the killing of the children, either by Medea herself or by the Corinthians.

Medea is a benefactress of Corinth; she is said to have delivered the city from a famine;* she appears at first as queen; indeed, she was conceived of as divine.†

Eumelus, a Corinthian poet (about 750 B. C.) in his Κορινθιακά treated this subject at length.‡ According to him Medea was queen of Corinth. The sovereignty belonged to her, since the throne had formerly been assigned her father Aeetes by Helios; and

^{*} Schol. Med. 11; Schol. Pind. Ol. xiii. 52.

⁺ Schol. Med. 10.

[‡] Schol. Med. 10; Schol. Pind. Ol. xiii. 52; Pausan. ii. 3, 8.

the Corinthians, being without a ruler, had sent for her to Iolcus. Jason is joint ruler with her. As fast as her children are born she hides * them in the temple of Hera, + hoping to make them immortal; failing in this she is discovered by Jason, who returns to Iolcus, and Medea departs also, leaving the throne to Sisyphus. Doubtless the poem further described the institution of the expiatory sacrifice.

Parmeniscus, an Alexandrine commentator, gives, we know not from what source, a different account.[‡] The Corinthians, uneasy under Medea's rule, plotted to kill her and her children, seven boys and seven girls. The latter fled to the temple of Hera Acraea, and the Corinthians slew them at the altar. For this desecration they were visited with a pest which raged until, directed by an oracle, they instituted yearly expiatory rites, which were observed up to his (Parmeniscus') time. Seven boys and seven girls, offspring of noble families, were every year shut up apart in the sacred enclosure and there offered sacrifices.

A curious variation was that given in the Naumákrua ēmņ, \$\frac{2}{8}\$ an obscure epic of the Hesiodean school, which narrated the Argonautic story. Here we learn that Jason (and of course Medea) went, not to Corinth, but to Corcyra, and that their son Mermerus was killed in hunting. Now as Corcyra was a Corinthian colony, this notice is interesting as showing that a legend very like the Corinthian was current there.

The early epic poet, Creophylus, author of the Οἰχαλίας ἄλω-

^{*} κατακρύπτειν. Or buries? Perhaps somewhat as Demeter (Hymn. Hom. v. 239) buried (κρύπτεσκε) Celeus' infant in fire to make him immortal.

[†] The friendship of Hera for Medea is explained by Schol. Pind. Ol. xiii. 52, thus: Zeus was enamored of Medea, but she rejected his suit, and in return Hera promised to make her children immortal.

[#] Schol. Med. 273.

[§] Paus. ii. 3, 7.

σις, had the story in a less primitive form.* Medea is no longer queen; she kills the king Creon by drugs, and flees to Athens, leaving her children behind her on the altar of Hera, thinking that Jason will care for them. Here the relatives of Creon slay them, but give out that Medea has done the deed herself.

Simonides seems somewhere to have touched on this theme (Bergk, frag. 48). Medea and Jason he makes again rulers of Corinth, and expressly contradicts the older tale that Jason remained in Iolcus. Further than this we know nothing of his treatment.

Yet a step nearer the tragic form of the tale is that which Pausanias + gives as the current account in his time. Glauce the princess now appears; she meets her death through gifts brought her by Medea's sons, Mermerus and Pheres, who are stoned to death by the Corinthians. A pestilence then comes upon their children, to avert which the statue of Terror $(\Delta \epsilon \hat{\iota} \mu a)$ is set up, and the regular sacrifices are instituted, at which they wear black and shave their children's heads. These solemnities were observed, he says, down to the destruction of Corinth by Mummius. A fountain was moreover shown, into which Glauce cast herself when in the agonies of death.

The tragedians were thought to have first hit upon the idea of making Medea kill her own children, and in this sense an absurd report ‡ was current, which represented that Euripides was bribed by the Corinthians to lay the murder upon Medea. But we see traces of this same conception of Medea as the murderer in Creophylus' account and the mystical narrative of Eumelus, so that it evidently existed long before, side by side with the commoner story. Nor can we doubt that Jason's unfaithfulness and Medea's revenge were elements ingrafted on the legend before it came into the tragedians' hands.

^{*} Schol. Med. 273.

[†] ii. 3, 6.

[#] Schol. Med. 10.

The original elements of the Corinthian story are, we see, these: Medea is a wise and divine benefactress, who comes from afar and rules the state. She and her mortal offspring stand under the protection of Hera. The children are destroyed—how, was less clearly defined—and Medea departs as she came.

Jason is clearly no part of this tale, and perhaps the connection of Medea with Sisyphus, hinted at by the Scholiast to Pindar on Theopompus' authority, points to the older local tradition as to the paternity of the children. After the fusion of the Corinthian Medea with the Argonautic heroine, the poets were at great pains to connect the two legends, and Jason is introduced along with other new features.

There can be little doubt that Medea was originally worshipped as a goddess, and that the sacrifices were intended for her, but that she sank in time to the level of a mortal, while the original ceremonial was still maintained, transferred to the patronage of Hera.

§ 19. Physical Significance of the Myth. — Medea is the Moon, one of the many mythical impersonations of that luminary. The Moon, like the Sun, is all-wise because all-seeing, but to her belong especially occult wisdom and the mysterious arts of enchantment, such as flourish under the weird influences of her light. Hence her name $M\eta\delta\epsilon\omega$ ($\mu\eta\delta\epsilon\sigma$ - ω), "wise woman," from $\mu\eta\delta$ os. She is the Sun's offspring (originally, no doubt, his daughter), for the new moon seems to emanate from the sun. She comes from the far west, deserting her Sun-father's house on the western horizon, for the new moon is first seen in the west. Or she is thought of (doubtless later) as coming from the east, where the full moon rises. She abides for a time with increasing splendor; then wanes and disappears. Her children are probably stars, in particular the short-lived morning and evening stars.

This figure, which in Corinth took the shape of a preserver

and divine ruler,* became in the Thessalian myth rather an enchantress, and nothing was easier than for her to be incorporated into the story of the Argonauts, who sail into the same enchanted regions of the east or west in search of the Golden Fleece, which is nothing but the ruddy clouds of sunrise or sunset.

^{*} Wecklein thinks Medea a Phoenician goddess, and that her worship was supplanted at Corinth by that of Hera, when she was transformed into a priestess of Hera. This seems very uncertain. More reasonable is his idea that the shutting ur the children stood instead of former human sacrifices.

ON THE HYPOTHESES.

HYPOTHESIS FIRST. - Ascribed in one manuscript to Dicaearchus, who was a pupil of Aristotle, and whom we know, like his master, to have written such dramaturgical notes. A part is perhaps taken from him, but the last part is plainly written by some one else. - eyyvara: incorrect; the play represents the marriage as already over. — Γλαύκην: Euripides does not mention her name; later writers call her sometimes Glauce, sometimes Creusa. — μισθὸν τῆς χάριτος: again inaccurate; the gifts are sent in suing for a new favor. — Φερεκύδης, a native of Leros, who lived at Athens about the time of the Persian wars and made a collection of legends (lστορίαι) in ten books. — Σιμωνίδης of Ceos, the famous poet (556-468 B. C.). who lived chiefly in Athens. - For is-worforce we should regularly have ποιήσαι. — ὁ τοὺς Νόστους ποιήσας, the author of the Nosti, one of the poems of the Epic Cyclus; it was commonly ascribed to Agias of Troezen. - Στάφυλος, an Egyptian Greek of uncertain age, who wrote, among other books, a work περί Θετταλών. - δοκεί, sc. ὁ Εύριπίδης. - ὑπο-Baltota, falsely appropriated, palming it off as his own, as a woman another's child. — 'Exados Blos, in three books, was Dicaearchus' chief work; it was an account of the customs, institutions, and topography of Greece. — ὑπομνήμασι: these were brief notes on various subjects. here referred to were in six books, attributed sometimes to Aristotle, sometimes to Theophrastus. — $\mu \ell \mu \phi o \nu \tau \alpha \iota$, κ . τ . λ .: an unjust criticism; see on v. 899. — προπεσείν, burst. — εἰσβολή, opening verse. — ἐπεξεργασία, further development of the thought. - Timax (Sas, a glossographer and commentator of uncertain time; his remark is wrong; see on v. 3. - "Ομηρος: Odys. c. 264.

HYPOTHESIS SECOND. — Aristophanes of Byzantium, the famous Alexandrine scholar and librarian (about 200 B. C.), busied himself especially with the criticism of the poets. We possess many such brief notices of his on plays. The didascaliae, or statements as to date of representation, etc., were collected from the Athenian choregic inscriptions which commemorated the dramatic contests. — παρ' οὐδετέρφ, κ. τ. λ.: that is, neither Aeschylus nor Sophocles composed a play on the same subject. — πρώτος (ἦν), i. e. took the first prize. — Εύφορίων, son of Aeschylus. — οὐ σώζεται, namely, the satyric play Theristae. It was not, he means, in the Alexandrine library.

ON THE PLAY.

The scene is in Corinth before Medea's house. The nurse, whose speech opens the play, is an old slave-woman, attached, according to Greek custom, to the person of her mistress for life, having been her attendant in childhood and her companion in flight from her father's house. She comes upon the stage from out the house. The prologue is better managed than most of Euripides'; the nurse's soliloquy is naturally brought about and discloses the situation to the hearers in an unconstrained way.

- 1, 2. et6' άφελ': for this formula of wishing, see GMT. § 83, 2; H. 721, b (fine print). διαπτάσθαι: the ship is said to fly, as Hel. 147 and elsewhere its sails are called wings. Συμπληγάδας is object of διαπτ. The Symplegades or συνδρομάδες πέτραι (in Homer πλαγκται) are fabulous rocks believed to close together and crush ships which attempted to pass between them. Homer thinks of them as somewhere in the west, but later they were identified with two rocks at the mouth of the Bosporus, where it opens into the Euxine. κυάνεαι is their standing epithet, so that they are even called αι κυάνεαι outright.
- 3. There is no hysteron proteron in this passage; the nurse says, 'Would that the ship had never sailed, nay, had never even been built.'
- 4. iperpuosa: this verb occurs nowhere else in classic Greek. Hesychius explains it by $\kappa\omega\pi\alpha$ is applosa. The subject is still $\pi\epsilon\omega\kappa\eta$. And would that it had never equipped with oars the hands of those noblest men. The pine is thought of as furnishing material for oars as well as for ship.
- 6 fig. Πελία: dat. of advantage, for Pelias. δέσποιν' ἐμἡ Μήδεια: these words make it clear to the spectators who the speaker is. πύργους: the place whither; H. 551; G. § 162. θυμὸν ἐκπλαγείσα, crazed in heart; ἐκπλήσσω of an overpowering passion such as deprives of self-control.
 - 11 fig. A singular case of attraction. πολιτών (for πολίταις) takes the

case of &ν. The reason is that φυγŷ belongs not to ἀνδάνουσα but to ἀφίκετο, so that the relative clause really begins with φυγŷ, and πολιτῶν is inside of it, and therefore has to take the case of the relative; H. 809; G. § 154. The regular order would be &ν πολιτῶν φυγŷ ἀφίκετο χθόνα, standing, of course, for πολίταις &ν φυγŷ ἀφ. χθ., pleasing the citizens to whose land she has come in her flight. Had the poet written πολίταις, φυγŷ would be referred to ἀνδάνουσα, and the sentence so be misunderstood. — ἀνδάνουσα μέν is answered by νῦν δέ in 16, but there the expression is changed through the influence of the intervening parenthesis (14, 15); the idea is, 'pleasing to be sure (μέν) her adopted townsmen, and doing all she can to maintain friendly relations with her husband, but still (δέ) involved in strife from his nefarious conduct.'

- 13. αὐτή, on her part, in opposition to Jason's faithlessness.
- 14. ήπερ by attraction for δπερ; H. 513 c.
- 16. νοσεί τὰ φίλτατα, the tenderest ties are failing.
- 19. αἰσυμνὰ· βασιλεύει, ἀρχει. Hesych. The verb is found only here.
- 25, 26. συντήκουσα δακρύοις, dissolving it (σωμα) in tears. Others construe συντήκουσα χρόνον, justifying it by τήκει βιστήν, 141, which, however, is hardly parallel. ἐπεί means here ever since. ἡδικημένη: supplementary participle; H. 799; GMT. § 113.
 - 30. ην μή ποτε may be rendered except when.
- 33. $\dot{\alpha}\pi\mu\dot{\alpha}\sigma\alpha$ s $\dot{\xi}\chi\alpha$, nearly = $\dot{\eta}\tau\dot{\iota}\mu\alpha\kappa\epsilon\nu$, but with the idea of present continuance more prominent. This use of $\dot{\xi}\chi\omega$ with aor. partic. (GMT. § 112, 2, Note 7; H. 797) is a favorite one with Sophocles and Euripides, but is probably not found in Aeschylus.
 - 35. ἀπολείπεσθαι is passive; to be bereft. μη ἀπολ. joined by synizesis.
 - 37. $v \ell o v = \kappa a \kappa \delta v$, as often.
 - 38. Bapela, resentful.
- 40-43. The two first of these verses are plainly interpolated from 379 flg.; the others might be retained (reading $\mu\eta$ for η) but that $\tau \delta \rho a \nu \sigma \nu$ is awkward and obscure. If the princess is meant, there should be some designation of the gender.
- 45. καλλίνικον means victory, or the honors of victory; so τὸ καλλίνικον is used Pind. Nem. 3, 17. In the absence of the article it is better to take it as neuter, than as masc. with $\sigma \tau \dot{\epsilon} \phi a \nu \sigma \nu$ understood, as some have done.
- 46. of this use of the children. For this use of the very common in the drama, see H. 678 a. The learner should note the difference between $\tau\rho\delta\chi$ 05 and $\tau\rho\sigma\chi$ 55.
- 49. The παιδαγωγός, who now enters with the two boys, is an aged family-slave of Jason's. Wealthy Greeks, when their boys had outgrown the nursery, gave them into the charge of such trusty slaves, whose duty

it was to attend them wherever they went. — δεσποίνης limits οίκων κτήμα taken together.

- 50. τήνδε should be translated thus. It is similarly used in 689 below.
- 52. σοῦ may depend upon either μόνη or λείπεσθαι.
- 57. The Greeks had a superstitious belief in the efficacy of confiding secret anxieties to the natural elements. Andromache (Andr. 91), Electra (Eur. El. 59, Soph. El. 89), and Creusa (Ion 885) do this. A disquieting dream is thus told to the air (Iph. Taur. 42) or the sun (Soph. El. 424).
- 58. μολούση, as if μοι, not με, had gone before. Several such places are found; thus Iph. Aul. 491, άλλως τέ μ' ξλεος...εἰσῆλθε συγγέτειαν ἐννουνμένφ. Cp. below 744 and note. The comic poet Philemon (Athen. vii. p. 288) parodied this passage thus: A cook says,

ωσθ' ϊμερός μ' ὑπῆλθε γῆ τε κούρανῷ λέξαι μολόντι τοὖψον ως ἐσκεύασα.

- 59. γάρ in questions expresses surprise. Transl. what /
- 60. ζηλώ σε, Enviable simplicity / μεσοί (schol. ἀκμάζει), is at its height, or in the middle of its course.
- 61. μώρος: nom. of exclamation rather than of address. Medea is meant, μώρος being used here exceptionally as adj. of two endings. This is a common thing with Euripides; cp. 1197 δήλος, 1375 βάδιοι.
- 65. προς γενείου: see on 709. σύνδουλον, acc. of person (H. 553; G. § 164), the acc. of the thing being omitted.
- 67. οὐ δοκῶν κλύειν, pretending not to be listening. Cp. Hipp. 119, μη δόκει τούτων κλύειν. οὐ δοκῶ is used like οῦ φημι, deny, οὐκ ἐῶ, forbid, etc.
- 68. **πεσσούs**, the gaming-place. So of $l\chi\theta\hat{v}s$, the fish-market, $\tau\hat{a}$ $\lambda\hat{a}\chi\alpha ra$, the vegetable-market, and others. The game of $\pi\epsilon\sigma\sigma ol$ resembled ours of draughts, in that it was played on a checkered board with men $(\psi\hat{\eta}\phi ol)$. There were several varieties of it.
- 69. All fountains were considered sacred. The famous Pirene, after first welling up near the top of the Acrocorinthus into a basin with no visible outlet, flowed underground and reappeared in the lower town, near the street leading to the Lechaeum, where it was adorned with handsome stonework, and was a favorite place of resort. See Curtius's Pelop. Vol. II. p. 528.
 - 72. caphs, true, correct.
 - 73. ούκ εἶναι: a very exceptional use of οὐ. The rule would require $\mu\eta$. The expression seems to be analogous to $\chi\rho\eta$ οὐ with infin., which is frequent in Eurip.; see 294, 574; Androm. 100, $\chi\rho\eta$ δ΄ οὕποτ΄ εἶπεῖν οὐδεν΄ δλβιον $\beta\rho \rho \tau \hat{\omega} \nu$: Hipp. 645, $\chi\rho\eta\nu$ εἶι γυναῖκα πρόσπολον μὲν οὐ περᾶν: in cases, too, where it is impossible to say that οὐ forms with the infin. a simple idea. The usage arose probably thus: first the οὐ was put directly after the $\chi\rho\eta$ for reasons of emphasis, still belonging to it (so Hipp. 507, and perhaps the

above passage of Androm.), then it gradually attached itself to the infin., and allowed itself to be separated from $\chi\rho\eta$.

- 74, 75. πάσχοντας is supplementary partic.; cp. 38. See GMT. § 112, 1; H. 800. ε καί because of the negative idea implied in the foregoing question: (surely he will not) even though he has, etc.
 - 76. κηδευμάτων: H. 581; G. § 175, 2. λείπεται expresses inferiority.
- 78, 79. ἀπωλόμεσθα: for the tense see GMT. § 19, N. 6. The nurse speaks for her mistress and the household. προσοίσομεν seems to mean receive in addition. A corrupt gloss of Hesychius, προσοίσησθε· προσδέξησθε, confirms this view, though we should have expected the middle. It is the idiom by which, roughly speaking, involuntary acts are spoken of as if they were voluntary. So Hipp. 831 ἀνακομίζομαι, am receiving on myself; Heracl. 296, ψυχὴν διακναίσαι, lose his life. Wecklein aptly compares ἀποβάλλειν, lose. ἐξηντληκέναι: the figure is that of a boat which ships a fresh wave before the sailors have bailed the first one out. Cp. Ion 927.
- 83. δλοιτο μέν μή: the meaning is, I will not indeed wish that he may perish. So Soph. Phil. 961, δλοιο μήπω, πρὶν μάθοιμὶ εἰ καὶ πάλω γνώμην μετοίσειs. In both cases the curse is on the speaker's lips, but is revoked at the moment of utterance.
- 87. κέρδους χάριν, from motives of selfishness. This verse looks like an interpolation.
- 88. et—ye = $\epsilon\pi\epsilon l$, seeing that; hence ov, instead of $\mu\eta$, is admissible. Jelf's Grammar, § 744, 1. The clause depends on $\epsilon\rho\tau\iota$ $\gamma\iota\gamma\nu\omega\sigma\kappa\epsilon\iota s$, the idea being, 'Are you just beginning, in view of Jason's neglect, to recognize the self-love of men? Did you never meet with an instance of it before?'
- 90, 91. έρημώσας έχε, keep secluded. πελάζω is transitive here and 760, but has its ordinary intrans, sense, 101.
 - 93. Sparelourav: a desiderative verb; H. 472, Rem. j.
- 94. πρίν κατασκήψαί τινα: "πρίν with the infin. after negative sentences is rare in the Attic poets, but more frequent in the Attic prose." Goodwin, MT. § 106, 2, N. 2. κατασκήπτω only here takes the accus. It probably means, strike down as with a thunderbolt (Schol. βλάψα...οίσν κεραυνῶσαι); with dat. on the contrary, simply fall upon.
- 96, 97. Medea's voice is heard in soliloquy within the palace. The anapaests which she speaks are tinctured with Doric forms, while those of the nurse are free from them. Anapaestic systems admit Dorisms only exceptionally, to impart greater solemnity or pathos. πόνων is causal genitive in exclamation (H. 592 a; G. § 173, 3) joined to an adjective, as often; cp. 1028. πῶς ἄν ὁλοίμαν; would that I might die. This form of wish (GMT. § 82, N. 5), not rare in tragedy, occurs again 173.

98. 768' except, There it is ! literally, 'this is that' (spoken of before). A common colloquial formula.

106 fig. It is plain that the storm-cloud of wailing, just beginning to rise, will shortly dart upward with greater fury. I have given dváze (from dváσσω = dvatσσω), a suggestion of Elmsley's, based on an old variant dváze found in the Schol. and one Ms. The common reading, dráψe, is hard to explain. Some take it as active for middle, 'will blaze forth' (with lightning), but neither άπτειν nor its compounds ever use the active in this sense. Others supply Medea as subject, 'that she will light up,' but this accords ill with the opening of the sentence, which shows that νέφοs is meant as subject. By reading δήλη or δηλοῦ we might retain dváψει. ἀρχῆs ἐξαιρόμενον = alρόμενον ἐξ ἀρχῆs, rising from its starting-point. With νέφοs οἰμωγῆs cp. στεναγμῶν νέφοs, H. F. 1140.

112. & κατάρατοι παίδες: in spite of the nurse's caution, the children, who here enter the house with their attendant, are espied by Medea.

116. For may be rendered pray. The exact sense is, What share do you fancy that, etc. The nurse does not, of course, intend this for Medea's ears.

118. ὑπεραλγῶ, as implying anxiety, takes the construction of a verb of fearing. ὑπερ-, exceedingly.

119. δεινά τυράννων λήματα: the nurse has Medea in mind, by no means Creon, as Paley thinks. Medea, as a king's daughter, may be called a τύραννος. For the sentiment the Schol. compares 11. a, 80 fig.

122, 123. γάρ may be justified by supplying the thought, 'All this I disapprove,' implied in the tone of the preceding sentence. Meanwhile, one might translate, The fact is. See, however, on 573. — in' toolors, on a footing of equality with one's fellow-citizens, as in a democracy. To live thus, the nurse says, is better than to be a king. A like sentiment Ion 621, Iph. A. 16. — μεγάλως: not to be understood of regal state, which is entirely deprecated, but of a less dangerous magnificence, the sense being, 'securely at least, even at the expense of all grandeur.'

125-130. Construe τοῦνομα νικὰ εἰπεῖν, the name is a letter one to speak. Notice πρῶτα μέν—τε in correlation; so below, 232, 1101 (cp. 429). — λῷστα (ἐστι): subject is τὰ μέτρια understood. — τὰ δ΄ ὑπερβάλλοντα, κ. τ. λ., what exceeds due bounds avails no wholesome thing to mortals. 'μηδὲν ἀγαν' is the mainspring of Grecian ethics. All excess is ὕβρις, which the gods punish by sending ἀτη. — ἀπέδωκεν: gnomic aorist; Η. 707; GMT. § 30. Its subject is still τὰ ὑπερβάλλοντα.

131. The chorus of Corinthian women now appears in the orchestra and sings the Parodos, which consists of four parts, — proode, strophe, antistrophe, and epode, — separated from each other by anapaests of Medea and the nurse.

134. ἐπ' ἀμφιπύλου, κ. τ. λ.: the meaning of these words is doubtful. They are, I think, best taken thus, I heard a cry near the doorway within the house; the chorus inferring Medea's nearness to the door from the distinctness of her voice. $\dot{\epsilon}\pi i$ as Heracl. 239, $\dot{\epsilon}\phi'$ of. Other ways are possible: 1. Being near the porch (Medea's) I heard a cry within the house. But the chorus has just arrived and was not 'near the porch' when Medea last spoke, 111. 2. Being near (my own) doorway I heard a cry in (Medca's) house. So Wecklein. 3. Joining ἀμφ. μελάθ., being near the double-doored house, I heard a cry within. So Elmsley, Paley, Klotz. To this the same objection applies as to 1, and the position of $\xi \sigma \omega$ is, besides, unfavorable. 4. I heard a cry inside, in the double-doored house; έπί as in έπ' οἰκήματος, etc., but this use belongs rather to later prose. φίπυλος occurs only here. Klotz and Paley, taking it adjectively, refer it to the outer and inner door (αύλειος and μέταυλος), but the word as applied to a house can only mean having a door on both sides. But as a substantive τὸ ἀμφίπυλον can mean doorway or vestibule; cp. ἀμφίθυρον, Theocr. xiv. 42, and Schol. Il. ω, 323, "Κύπριοι δέ παστάδα αμφίθυρον, Σικελοί δὲ τὴν αὔλειον θύραν"; also πρόθυρον. — ἔσω, as often, is for ἐντός, without any idea of motion.

136. συνήδομαι for rejoicing at misfortunes is rare, but Hippol. 1286, τί τάλας τοῦσδε συνήδει; cp. Rhes. 958.

138. ἐπεὶ···κέκρανται, since it (the household, especially Medea, see v. 11) has endeared itself to me. κέκρανται (sing.) from κραίνω.

139. δόμοι, house, i. e. family. — τάδε, all that.

142. οὐδὲν παρ. φρένα, nothing comforted at heart.

147. βιστάν, object of καταλυσαίμαν. The same expression, frag. 984, καταλυσαμένους βίον; the active Suppl. 1004, καταλύσουσα βίοτον. — προλιπούσα (αὐτήν).

149. $\dot{\alpha}\chi\dot{\alpha}\nu$ (= $\dot{\eta}\chi\dot{\eta}\nu$) is a correction of Nauck, after Elmsley. The Mss. have $i\alpha\chi\dot{\alpha}\nu$, but the tragedians, so far as can be made out, use the second syllable of $i\alpha\chi\dot{\eta}$ always long.

151-153. τίς σοί ποτε, κ. τ. λ.: What longing for that dread restingplace (the grave) would fain hasten for thee the final issue of death?
ἀπλάτου is due to Elmsley, the Mss. having ἀπλάστου or ἀπλήστου; some retain the latter, understanding κοίτας of the marriage-bed. The future σπεύσει expresses present intention or will: GMT. § 25, 1, N. 6; Kühner, Ausf. Gramm. § 387, 4. Yet it is rather oddly used, and there is some probability in Weil's conjecture, who reads σπεύσει θανάτου τελευτά, as a separate sentence: 'death will of itself come quickly enough.' On θανάτου τελευτάν see H. 561; G. § 167, Note.

154. μηδέν = μηδαμῶς. Not a common use. Androm. 88 and 463; Ar. Ran. 435; Aesch. Ag. 1438.

157. Be not exasperated with him for this. $\tau \delta \delta \epsilon$ is properly the cognate accus., H. 547 c; G. § 159, N. 2. Elmsley takes it as thus, which, however, will not do in $\mu \dot{\eta}$ $\mu \omega \tau \dot{\delta} \delta \epsilon$ $\chi \dot{\omega} \epsilon \omega$, Od. ϵ 215, ψ 213. See lexicon for the literal meaning of $\chi a \rho \dot{\alpha} \sigma \sigma \epsilon \sigma \theta a \omega$.

160 flg. Themis, as goddess of divine justice, is appealed to for redress of wrongs, as Soph. Elec. 1064. Hence she is called εὐκταία below, 169, and ἰκεσία, Aesch. Suppl. 360. Artemis is the special protectress of females, so naturally invoked by them, as Soph. Elec. 626, 1238; Aesch. Suppl. 1031; Eur. Phoen. 152, 191. — δρκοις ἐνδησαμένα, namely, when she consented to leave her home with him.

164, 165. αὐτοῖς μελάθροις: H. 604 end; G. § 188, 5, Note. — πρόσθεν άδικεῖν: "the Greek idea was, that to begin the wrong, ὑπάρχειν ἀδικίας, involved the entire guilt, any retaliation being then lawful. Cf. 1372." (Paley.) πρόσθεν may be rendered unprovoked.

166, 167. ἀπενάσθην: from ἀποναίω; αίσχρῶs goes with it. — κάσιν, Apsyrtus; see Introduction, § 11, and note on v. 1334.

169. Ziva: whereas Medea, 160, has not invoked Zeus. This has troubled many commentators, ancient and modern. But Zeus $\delta\rho\kappa\iota\sigma$, the guardian of oaths, would be the first deity on whom Medea would naturally call; and we may suppose that in her previous outbursts (see v. 21) she has called upon him, and that the nurse forgets what particular divinities she has just appealed to. If an emendation is necessary, that of Nauck, $Z\eta\nu\delta$ for $Z\eta\nu\delta$ δ (cp. 208, and note), is easy.

171. Εν τινι μικρφ, with (the commission of) any trifling deed.

173. πῶς ἄν, κ. τ. λ., as 97.

176. et πως, H. 830 at end; somewhat differently GMT. § 53, N. 2. — βαρύθυμος is sullen, opposed to δξύθυμος, quick-tempered, impetuous.

178. το πρόθυμον = προθυμία, G. § 139, 2; H. 496, 6th ex.

181. ϕ (λα καὶ τάδ' αὅδα, sc. εἶναι. τάδε = ἡμᾶs, more exactly our party; so Aesch. Pers. 1. The meaning is, say too that we are her friends.

182. σπεύσασα is Wecklein's emendation (who, however, gives τι πρίν).

— The subject of κακώσαι, Medea, has to be understood.

184. el, as to whether; a simple indirect question after an expression of fearing; GMT. § 46, Note 6 (c). Here and Heracl. 791 it stands for $\mu\eta$ où, but Andr. 61 for $\mu\eta$.

186. μόχθου χάριν τήνδε means the favor of this trouble, as it were μ. χ. τοῦδε. — ἐπιδώσω, will grant freely, beyond my obligations.

187. δέργμα: cognate acc. with αποταυροῦται, as if with δέρκεται.

190 fig. The tenor of the following passage is that music might, if rightly employed, be made a comfort in grief, whereas it is only used to heighten needlessly the merriment of feasts.

192 fig. The correlative of $\mu \dot{\nu}$ is $\delta \dot{\epsilon}$, 195. — $\dot{a} \kappa o \dot{a} s = \dot{a} \kappa \rho o \dot{a} \mu a \tau a$.

197. Ε ων refers to λύπας. — θάνατοι, violent deaths.

200-203. (va, where. — τείνουσι (utter in long-drawn strains) of the physical act of singing. — τὸ παρὸν πλήρωμα together. πλήρωμα, physical satisfaction. The sense: 'feasts are merry enough without the aid of song.'— The nurse here enters the house.

205 fig. Take λιγυρά adverbially (or rather as predicate adj. of effect, = ωστε λιγυρά εἶναι). μογερά belongs with dχεα, and the phrase dχεα βοq, as containing a simple idea (=θρηνεῖ), governs the accus. τ∂ν...κακόνυμφον. And loudly crying forth her grievous woes she complains of the fulse bridegroom, etc. Such constructions, in which a verb and accus., taken together, govern a second accusative, are not infrequent in tragedy. Soph. Elec. 124, τάκειs οἰμωγὰν τὸν ᾿Αγαμέμνονα; Bacch. 1289, τὸ μέλλον καρδία τήδημ εχει.

208. τὰν Ζηνὸς Θέμιν, Zeus' own Themis; that is, his πάρεδρος (Pind. Ol. 8, 27), and inseparable companion. So Θέμις Διὸς κλαρίου, Aesch. Suppl. 360. She is here said to have led Medea into Greece, the idea being that Medea went in reliance on Themis as guardian of the oaths of Jason.

211 fig. δι' άλα νύχιον, over the sea in the night. — πόντου κλῆδα: the strait of the Bosporus; called ἀπέραντος, impenetrable, because of the Symplegades which guard it. $d\piέραντος$ has this meaning Aesch. Prom. 153 and 1078; elsewhere it means endless. Some give it the latter sense here, justifying it by Homer's Ἑλλήσποντος $d\piείρων$, II. ω 545. Both meanings of dπέραντος arise naturally, since περαίνω means either pass through or go through with.

214. Medea appears on the stage.

215 fig. A difficult passage. Probably the following interpretation (Seidler's) is the right one: I know many haughty men, some from personal acquaintance (ὁμμάτων ἄπο), others who are strangers; and these (namely, both the above classes, all the σεμνοί) from their reserved demeanor have got an evil name and a reputation for indifference. This use of ἀπ' ὁμμάτων, with my eyes, from my own observation, is found Aesch. Ag. 987; nearly the same Aesch. Suppl. 207, Soph. O. C. 14. ἐν θυραίοις, among foreigners or strangers, the usual meaning of θυραίοις in Eurip. The ήσυχος πούς is one slow to make advances, not meeting one, as we say, half-way. (Some editors, with the Scholiast, explain τοὺς μὲν...θυραίοις 'some in retirement, others in public life.') For κτᾶσθαι = get the reputation of, cp. I. T. 676, δειλίαν κεκτήσομαι, and Soph. Ant. 924.

220. δοτις after βροτών, H. 514 d, last part.

222-224. Strangers especially, she says, should adapt themselves $(\pi\rho\sigma\sigma-\chi\omega\rho\epsilon\bar{\nu})$ to their adopted land, though, to be sure, not even in citizens are stubbornness and ill-breeding $(\dot{a}\mu\alpha\theta\dot{a})$ praiseworthy. Hermann sees in this last verse an allusion to the demagague Cleon. The aorist $\eta\bar{\nu}\epsilon\sigma\bar{\alpha}$ and

some others are used to denote a feeling or resolution (or the expression of the same) which has already arisen in the speaker's mind, where we employ the present. GMT. § 19, N. 5; H. 709.

226. ψυχην διέφθαρκε, has broken my heart.

228. ἐν ῷ...πάντα, for he with whom my all rested. — γιγνώσκει: the Mss. have γιγνώσκει, due, as the Schol. expressly says, to the actors, who misconceived the sense. γιγνώσκω and γιγνώσκει have also been conjectured.

231. φυτόν, like our creature, in a depreciatory sense.

232 fig. πρώτα μὲν answered by τε: ('first buy the husband, then serve him') unless, indeed, the correlative is 235 fig. — χρημάτων ὑπερβολῆ: rightly explained by Paley, "by outbidding others in the offer of a wealthy dower." Cp. Andr. 289, ὑπερβολαῖς λόγων δυσφρόνων, vying with each other in hard words. ὑπερβάλλειν means outbid. Euripides has transferred the usage of his own time to the heroic age, in which the custom was quite the reverse, the suitor bidding for and buying, as it were, his wife. — τοῦτο, τὸ δεσπότην λαβεῖν. For the expression cp. Soph. O. T. 1365, πρεσβύτερον ἔτι κακοῦ κακόν, an evil worse than evil.

235 fig. ἀγών, risk. — By ἀπαλλαγαί is meant the ἀπόλειψιε or formal separation from the husband, attainable to a woman only through a difficult process at law, and looked upon at best as scandalous. The husband, on the contrary, might repudiate (ἀποπέμπεω) his wife at pleasure. Here, again, Eurip. has Athenian institutions in mind.

238-240. The sense: 'a woman who has come by marriage into a foreign land has need (in order to live happily) of supernatural foresight, if she has learned nothing from her relatives as to the disposition of him who is to be her husband.' This is the best that can be made of the Mss. reading. $\delta\tau\psi$ is equivalent to $\delta\iota\psi$. Not the difficulty of selecting a husband is meant (for that is not compatible with the tense of $d\phi\iota\gamma\mu\dot{\epsilon}\nu\eta\nu$), but that of living agreeably with him afterwards. And to make this meaning plainer some alter the last line, reading $\delta\tau\omega$ s for $\delta\tau\psi$, or $\chi\alpha\rho\iota\sigma\epsilon\tau\alpha\iota$ for $\chi\rho\eta\sigma\epsilon\tau\alpha\iota$.

241, 242. et goes with ἐκπονουμέναισιν. — βία, restively, like an intractable horse.

245. Emaure: gnomic aor. See on 130.

247. πρὸς μίαν ψαχήν τὴν τοῦ ἀνδρός, Schol. Athenian custom confined women strictly to their homes. βλέπειν implies devotion; cp. lon 614, εἰς δάμαρτα σὴν βλέπης, and Andr. 179.

250. κακῶς φρονοῦντες: syntactically with λέγουσι, yet standing by itself; wrongly though. Just so Heracl. 55.

252. ἀλλ' οὐ γάρ, but (enough said, for)...not; H. 870 d. — fixe, applies.

and the same of th

258. μεθορμίσασθαι, (with whom) to seek a haven of refuge from, etc. Properly, to change moorings away from something.

259. τοσόνδε: observe the rather unusual accus. of the thing with τυγχάνεω: cp. Phoen. 1666, οὐ γὰρ ἀν τύχοις τάδε. — βουλήσομαι for βούλομαι: the idea of the future fulfilment of the wish is in the speaker's mind and tries so to find expression. Just so Soph. Aj. 680, O. T. 1077, O. C. 1289.

261. πόσιν δίκην: the construction is unusual, but right; τίνεσθαί τινα δίκην strictly means cause a man to pay a penalty.

262. ἡ τε = ἐκείνην τε ἡ. The Mss. have ἢν τε, which cannot be satisfactorily explained. A man is said γαμεῖν τινα, a woman γαμεῖσθαί τινα, but what can γαμεῖσθαί τινα mean? As a case of attraction, ἥν τε is not justifiable, for in such places the nom. is invariably retained; see v. 515, Alc. 338 στυγῶν μὲν ἡ μ' ἔτικτεν, Or. 1165, lon 669. Of other explanations the only one at all tenable is Hermann's, who thinks γαμεῖσθαι properly a causative middle, to get (one's self or another) παιτιέλ, and that γαμοῦμαι τὴν θυγατέρα can be said like διδάσκομαι τὸν παῖδα. He would then render, 'and her whom he (Creon) has given him to wife.' But, as no similar example can be found except it be 11. ι, 394 (and even this is not quite parallel) this use remains, for Attic, more than doubtful. Elmsley first gave ἥ τε.

263, 264. The proper correlative of τάλλα μέν is ὅταν δέ below. See on 413. — ἐς ἀλκήν and σίδ. εἰσορῶν, two separate modifiers of κακή.

271, 272. Creon appears with attendants (όπαδοί, 335). — εἶπον, I command (finally, as something already resolved on), see on ἥνεσα, 223.

278, 279. κάλφ are reefing-ropes; so έξεθαι κάλως = shake out reefs, set sail (= λῦσαι πόδα, Hec. 1020), ep. Tro. 94, H. F. 837. The figure is that of one ship pursuing another. — εὐπρόσοιστος ἔκβασις, accessible landing-place. προσφέρεσθαι is used of putting in to shore, Xen. Cyr. 5, 4, 6.

284. συμβάλλεται...δείματος, many circumstances contribute to this fear, literally, contribute (a part) of this fear. H. 574 e; G. § 170. In the next line explanatory asyndeton; H. 854.

288. τὸν δόντα, κ. τ. λ. Medea's own words, as reported to Creon.

293. δόξα, my reputation, for σοφία. — 294. χρη δ' οῦποθ': see on 73.

295. ἐκδιδάσκεσθαι, have instructed, causative middle; H. 689 b; G. § 199, Note 2. — σοφούς: predicate adj. of effect, = ωστε σοφούς είναι: cp. Elec. 376, διδάσκει δ' ἄνδρα...κακόν. The thought of the following verses was suggested by the poet's own experience. See Introd. § 1.

296. χωρίς... άργίας, for, aside from the charge of sloth which they have to bear besides. Εχειν άργιαν is said like κτᾶσθαι βαθυμίαν, 217. This idiomatic use of ἄλλος, on the other hand, besides, is well known. H. 538 e (end). So Ion 161, ἄλλος...κύκνος, a swan besides.

- 304. Interpolated from 808.
- 308. ώστε... έξαμ. depends on ωδ' έχει μοι.
- 314, 315. καὶ γάρ has not its usual force here, but καὶ = καὶπερ and goes with ἡδικημένοι. ἡδικημένοι: when a woman speaks of herself in the plural, she uses masculine, not feminine forms; H. 518 d. κρεισσόνων: H. 581 end; G. § 175, 2.
- 316, 317. είσω φρενών with βουλεύης. βουλεύης, lest you are devising. In strictness, the pres. subj. in such cases refers not to a present act, but the future disclosure of a present act ('lest it may turn out that you are now plotting'), so that the rule (GMT. §§ 12 and 20) that the subjunctive in final and object clauses refers to the future, still holds good. The Mss. here have βουλεύσης, which could be retained only by translating, 'lest you may (prove to) have plotted.' This use of aor. subj. is Homeric (Il. a 555, κ 97), but I know of no Attic example. The correction is Elmsley's.
- 319, 320. ώς δ' αιτως, and just so. This adverb is often written αιτως, but wrongly. It comes from αιτός, with changed accent, not from οιτος. ώς αιτως (ώσαιτως) is simply the ablative of δ αιτός. φυλάσσειν, to keep watch of, not quite the same as φυλάσσεσθαι.
- 322. ἄραρε: perf. of ἀραρίσκω. Do not confuse this perf. ἄρᾶρα with the 2d aor. ἄρᾶρον, ἥρᾶρον. The former is intrans., the latter transitive.
- 324. πρός σε γονάτων, sc. ἰκετεύω. In adjurations, σε is commonly placed between πρός and its genitive (so per te deos oro), and often the verb which governs it is left out. Cp. Alc. 275, μη πρός σε θεῶν τλης με προδοῦναι. Η. 885. On γονάτων see note on 709. Medea clings to Creon in the attitude of a suppliant here and again 336.
- 329. (Well do you speak of country) for to me at least 't is far the most precious thing I have, save only my children. Meaning that the safety of both requires Medea's banishment. **Epocy** in opposition to Medea; he really loves his country, he means, and is not minded to betray it, as Medea has hers.
- 331. That, I fancy, is just as circumstances come about. Saws is here a simple relative, and so takes $d\nu$; GMT. § 62.— καί emphasizes $\tau \dot{\nu} \chi a \iota$ ('circumstances too influence the matter').
- 334. (Your troubles for sooth!) 'T is I who am in trouble, and in trouble enough, too. For the two meanings of the perf. $\kappa \epsilon \chi \rho \eta \mu a \epsilon$ see lexicon, and cp. 347. The last part of this verse is added simply for fulness, according to the idiom of confirming a statement by denying its opposite, as $\lambda \nu \pi \rho \rho \nu$ $\theta \epsilon \mu a \kappa \sigma \nu$ $\phi \epsilon \lambda \nu$. Tro. 1157. Others explain, 'I have no need of other troubles, and so cannot relieve you of yours,' in answer to the words $d\pi d\lambda \lambda a \xi \sigma \nu \pi \delta \nu \omega \nu$, as if Creon had asked her to take his troubles on her own shoulders. This involves a sort of grim witticism, and seems rather trifling.

336. ἀλλά, nay rather. Cp. Hel. 939, μη δήτα, παρθέτ, άλλά σ' Ικετεύω τόδε.

338. τοῦτο: τὸ μὴ φεύγεω.

341 – 343. φροντίδ', accus., not dative. — ή, qua; in what direction and so whither. — ἀφορμήν, resources, means, properly a startiny-point. The meaning, place of safety (Lidd. & Scott), is wrong. — οὐδὲν προτιμῆ, does not at all care or think it worth while.

346, εί φευξούμεθα: GMT. § 56.

349. The perf. διέφθορα is always transitive (= διέφθαρκα) in Attic poets.

350. ἐξαμαρτάνων: see on ἠδικημένη, 26.

356. δράσαις, the best Mss., which without ἀν is, of course, a solecism. Others δράσεις. But these two verses are in all likelihood interpolated; the words λέλεκται...δδε mark the end of the speech. Creon here departs.

358. μελέα...άχέων: see on 96.

359 fig. I give with Kirchhoff the reading of the best Mss. Take τ (va with $\sigma\omega\tau\hat{\eta}\rho a$; what savior through hospitality...? Sóμον and χθόνα are appositives. πρὸς ξενίαν adverbially, like πρὸς βίαν, πρὸς φιλίαν, strictly conformably to, or in the way of hospitality; with $\sigma\omega\tau\hat{\eta}\rho a$ as with a verb ('whom to save you in hosp.'), cp. on 479. It must be confessed, however, that this is hard, and that probably εξευρήσεις is to be bracketed with Weckl., τ (να then going with ξενίαν. The easier reading προξενίαν rests on slender authority.

361. κλύδωνα κακών: a frequent metaphor; Suppl. 824, H. F. 1087, Hipp. 822, Aesch. Pers. 599.

365. ἀλλ' οῦτι...πω, but things are not yet come to that pass, don't think it. That πω belongs not with μη δοκείτε, but the preceding, is seen from Arist. Eq. 843, Aesch. Prom. 511, where the same idiom occurs. The confused order here heightens the intensity.

367. τοίσι κηδεύσασιν: Creon is meant.

370. ovôšé—ovôšé, not even—nor. — χεροῦν, dative, with my hands. If genitive, the sing. χ ερόν would have been used. See note on 709.

372, 373. ἐλεῖν, thwart. — ἀφῆκεν, has left me free to remain. ἀφίημι is not often so used with infinitive (except it be of a verb of motion, Soph. Phil. 1349), but Plat. Legg. 7, 806 c, τὸ θῆλυ...ἀφιέντα τρυφῶν; and ibid. 2, 657 e.

382. ὑπερβαίνουσα, said of passing the threshold, here in *entering* (so ὑπερβαλὼν πύλας, Alc. 829), but Ion 514, in *coming out*.

384, 385. κράτιστα: H. 518 a. — την εύθειαν (ὁδόν), adverbial. — πεφ. σοφαί, namely, we women, the sex in general. Elmsley conjectured σοφοί, so as to mean Medea herself: see on 314. But poison was a recognized woman's weapon; see Ion 616, 845, and frag. 467.

386. και δή τεθνάσι, suppose now they are dead. Cp. 1107.

389. πύργος: metaphorical.

391. But if a fate devoid of all resource decree my exile.

393. τόλμης τὸ κάρτερον, the height of daring.

396. Medea has an image of Hecate, patroness of witchcraft, in her house. Such private shrines, Ἐκάταια, were common at Athens.

388 fig. The $\gamma 4\mu \omega$ will be bitter to bride and bridegroom, the $\kappa \hat{\eta} \delta \sigma$ and $\phi \nu \gamma \omega l$ to Creon.

400. μηδέν is, of course, adverbial. Cp. Soph. El. 716, φείδοντο κέντρων οὐδέν, also Aj. 115, Eur. Hec. 1044, H. F. 1400.

404. tois Europeiois, κ . τ . λ .: from the Sisypheans and from Jason's bride. The dative with $\delta\phi\lambda\omega\kappa\kappa\omega\omega$ denotes the person from whom or in whose mind anything is incurred. $\Sigma \omega \psi \phi \epsilon \omega$ is a contemptuous name for the Corinthians, from Sisyphus, their ancient king, who was $\kappa\epsilon\rho\delta\omega\tau$ of $\Delta\tau$ $\delta\rho\omega$ (II. § 153), and otherwise in ill repute. Creon especially is meant. Wedlock is put for the bride, as Andr. 103. (Others, joining Σ . and $\gamma\omega$, explain 'from the marriage of Sisyphus's descendant and Jason,' as dat. of cause, I suppose. But the second $\tau \omega$ forbids this; moreover, the context requires dat. of the person whose laughter is feared. Probably, however, we should read $\tau\omega\omega$ for $\tau\omega$ from this Sisyphean bride of Jason's.')

405. πατρός: Aeetes, son of Helios. Od. κ 138, άμφω (Aeetes and Circe) δ' έκγεγάτην φαεσιμβρότου 'Ηελίοιο.

406. ἐπίστασα: referring back to 400. — πρὸς δὲ καὶ πεφ. γυναίκες, and, besides, we (I and the rest of my sex) are women.

410. Medea remains on the stage during the choral song, the burden of which is: (1) The infidelity of men; men will, the chorus says, henceforth have that name for faithlessness which hitherto has been borne by women. (2) The forlorn condition of Medea. — ἀνω ποταμών, κ. τ. λ.: "Rivers flowing backward" was a proverbial expression for whatever happens contrary to the ordinary course of things. — ἰερῶν: all rivers are sacred.

413 fig. &v8páσι μέν is answered by τὰν δ' ἐμάν, not θεῶν δέ. The first δέ is only continuative, or at most but slightly adversative. Just so 263 fig. It is a question whether we ought to read τε in such cases. — θεῶν πίστις, faith plighted in the sight of the gods. (Paley.) — τὰν δ'...φᾶμαι, report will bring about a change to my (that is ours, women's) life, so that it shall have a good reputation.

421 fig. μοῦσαι παλ. ἀοιδᾶν, the strains of ancient lays. — ὑμνεῦσαι = ὑμνοῦσαι. This kind of contraction is rare in tragedy: Hipp. 167 ἀὐτευν, Iph. A. 789 μυθεῦσαι. ὑμνεῦν has a bad sense here, as not unfrequently. Eurip. was thinking of passages in Homer and Hesiod, but especially of the iambi of Archilochus.

424 fig. où yáp, κ. τ. λ.: the sense is, 'we women have not the poetic gift, or we might ourselves sing a song in answer to men.' γ á ρ is used in anticipation of the following sentence, the idea being, 'for a song might easily be sung, though I cannot myself sing it.' — ἀντάχησ' ἄν, would (proceed to) sing. See on 1351. — ὅπασε θέσπιν ἀοιδάν: Homeric; Odyss. θ 498.

428 fig. μακρὸς δ' αἰών, κ. τ. λ.: a long life (the experience of a long life) has (i. e. can furnish) much to say about..., etc. — μέν — τε: see on 125. — μοῦραν, mutual relations, properly part or share in life in relation to one another.

431 fig. πατρώσε shortens the penult often in Eurip., only, however, in lyrical passages or anapaests. Many critics distrust the Mss. and would restore πάτριος everywhere. — δρίσασα, parting, passing between. (Others, passing the limits of, as in Aesch. Suppl. 544, γαΐαν δρίζει, but this sense seems natural only with γαΐαν, πόλω, and the like.)

436. κοίτα**s λέκτρον**: a common pleonasm; Hipp. 154, κοίτα λεχέων, Iph. T. 857, κλισία λέκτρων, Alc. 925, H. F. 798, Soph. Ant. 425, Aesch. Pers. 543.

439. χάρις, reverence.

442 fig. μεθορμίσασθαι, as 258. — πάρα = πάρεισιν. — τῶν δὲ...ἐπανέστα, but another princess, more potent (to charm) than that couch of thine, has risen up against thy household. — οὅτε—δέ instead of οὅτε—τε, by a slight anacoluthon; cp. H. 855 b: so Soph. Trach. 1151, οὅτε μήτηρ... παίδων δέ, and elsewhere.

446. οὐ νῦν, κ. τ. λ.: cp. 292.

451, 452. κάμοι μέν, κ. τ. λ.: for myself indeed I care not; go on forever, if you choose, saying that..., etc. — Ίσσων outside its clause, yet retained in the nomin.; cp. Bacch. 173, έτω τις, είσάγγελλε Τειρεσίας ότι ζητεί νιν.

453, 454. τυράννους, the royal family. — πῶν κέρδος, clear gain. — φυγῆ, with exile only, and not rather with death.

456. ἀφήρουν: impf. of attempted action.

459, 460. κάκ τῶνδε, even after this. — τὸ σὸν δὲ προσκ. in opposition to ἀπειρηκώς: not having failed my friends, but, on the contrary, providing for thy interests. ἀπειπεῖν (ἀπαγορεύω, ἀπανδῶ) is construed with the dative in two ways. (1) Dat. of disadv.; flag, or give out in serving; as ἀπανδῶν φίλοις, deesse amicis, Andr. 87; and in this place. (2) Dat. of cause; sink under, give out in; so ἀπειπεῖν κακοῖς, άλγει, πόνοις, Or. 91, Hec. 942, Alc. 487. In both these cases the verb has its meaning of tire, flag. Quite distinct is (3) its use with accus., meaning renounce, disoun; ἀπειπ. πόνους, ἐστίαν, Suppl. 343, H. F. 1354, Alc. 737; and, furthermore, (4) the meaning forbid.

463. καl γάρ εἰ, for even if; καl going with εἰ, and γάρ referring to $\eta \kappa \omega$ above, the intermediate sentence being parenthetic.

465 fig. τοῦτο γάρ, κ. τ. λ.: for this (the term παγκάκιστε) is the bitterest reproach for thy unmanliness which I can utter in language (γλώσση), though I feel yet deeper scorn in my heart.

468. Interpolated from 1324.

469. $\theta \rho \alpha \sigma \sigma s$ in a good sense, = $\theta \alpha \rho \sigma \sigma s$.

474. κακώς goes with κλύων as well as λέξασα. The student will remember that κακώς κλύειν (ἀκούειν) is passive of κακώς λέγειν.

476. A noteworthy example of Euripidean sigmatism, a trait ridiculed by the comic poets. Cp. 380, 404, 1217, and for other alliterations 323, 340.

479. ζεύγλαισι: dative of means with ἐπιστάτην as if with a verb (ἐπιστατοῦντα). — θανάσ, γύην: see Introd. § 11.

482. κτείνασα: by proxy. She put the dragon to sleep by her enchantments, and so enabled Jason to kill it. Similarly just below, 486, ἀπέκτεινα. H. 686. — ἀνέσχον, κ. τ. λ.: held up for you a torch of safety. (Wecklein, however: rose on you as a guiding star.)

485. πρόθυμος μᾶλλον = προθυμοτέρα. For the second comparative στοφωτέρα see H. 660 b.

490, 491. Childlessness of a wife was held to justify her divorce and the taking of another. — συγγνωστά: see on κράτιστα, 384. The best Mss. συγγνωστόν ἢν, which some defend on the principle of χρῆν, εἰκὸς ἢν, etc. (GMT. § 49, 2, N. 3). But these imperfects are regularly used without ἀν only when the necessity or propriety is not met by the facts. In the present case συγγνωστὸν ἢν would mean, 'you would be justified in doing what you are now not doing,' but συγγνώστ' ἀν ἢν, 'you would be justified in doing what you are now not justified in doing.' Of course, the latter is the meaning here. Infractions of this usage are found, it is true, but they are rare. Moreover, συγγνώστ' ἀν ἢν is certain Elec. 1026 in an exactly similar passage.

493, 494. \mathfrak{h} — \mathfrak{h} in indirect disjunctive questions, after Homeric fashion, occurs in a few passages of the tragic poets. Many discredit it, and substitute ϵl — \mathfrak{h} . — $\theta \epsilon \sigma \mu \Delta$: heterogeneous plural of $\theta \epsilon \sigma \mu \Delta s$, only here and Soph. frag. 90.

497. τῶνδε γονάτων: genitive instead of nominat., because the speaker has ἐλαμβάνου in her mind. — κεχρώσμεθα refers to the clasping both of hands and knees when Jason was a suppliant for her favor. See on 709.

500. δοκούσα μὲν τί......δμως δέ, expecting what good office from you, forsooth? (None, of course.) Still I will do it.

503. ούς...και πάτραν: cp. 163. — άφικόμην, came hither.

506 fig. oi οἴκοθεν φίλοι are kindred, friends by natural relationship. Cp. Andr. 979, τύχαις ταῖς οἴκοθεν, domestic calamities; Pind. Pyth. 8. 72,

τὸ οἴκοθεν, his family ties; Troad. 963, τὰ οἴκοθεν κεῖνα, those natural endowments; Troad. 648, 371. — οῦς δέ, Pelias's family. — οῦκ ἐχρῆν, not ought not, but had no need, no motive.

509. πολλαῖς μακαρίαν, happy in the view of (H. 601 end) many women, i. e. envied by them. Said with bitter irony, in remembrance of former promises of Jason.

512. el—γε as 88.

515. If $\tau \epsilon = \kappa \alpha i \epsilon \mu \epsilon f$.

516 fig. δs: āν is omitted; GMT. § 63, 1. (b). — τεκμήρια: the touchstone, βάσανος, is meant. The same sentiment, Hipp. 925.

523. This verse is borrowed from Aesch. Theb. 62. — ωστε = ωσπερ, not rare in tragedy, see 1200, 1213.

524. ακροισι λαίφους κρασπέδοις, i. e. with furled sails. Medea's γλωσσαλγία is likened to a sudden gale.

526. Ral emphasizes, not hlar merely, but the whole clause: since, moreover (besides reviling me), you exaggerate the favors you have done me. Cp. Soph. Phil. 380, O. T. 412.

529. ἐπίφθονος for Jason, because apparently boastful. The sense: 'You have intelligence enough to understand, though it is invidious for me to relate, that it was Love that,' etc. The antithesis (μέν—ἀλλά) is between νοῦς and λόγος.

532. $\dot{\alpha}\lambda\lambda'$ oùr, κ . τ . λ .: but I will not undertake to settle the point with over-nicety; the question, that is, to whom he owes his safety.

533 fig. γαρ οδν, for really. — της έμης σωτηρίας, in return for saving me, genit. of price with λαμβάνω (Orest. 502), as if it were ἀντιλαμβάνω.

538. μη πρός Ισχύος χάριν, without giving way to violence, without allowing violence its sway. Cp. H. F. 779, ἀνομία χάριν διδούς.

542 fig. χρυσός and ὑμνῆσαι are parallel. — γένοιτο: GMT. § 34, 1 (a). 546. ἄμιλλαν, κ. τ. λ. The same words Suppl. 428.

548 flg. γεγώς: supplem. partic. — σώφρων, chaste, virtuous; the opposite of ἀκρατής, incontinent, lustful. His proof of σοφία, 551 flg., of σωφροσύνη, 555 flg., of φιλία, 559 flg. — ἔχ' ἤσυχος: Medea had made a gesture of impatience.

554. ἡ παίδα γήμαι: added after τοῦδε as explanatory of it. So Herael. 298.

555. To or kullen, the thing at which you are nettled.

557. ἄμιλλαν πολύτεκνον = ἄμιλλαν πολυτεκνίας. A compound adjective used for the genit. of its derivative abstract substantive; a favorite Euripidean figure. So ἄμιλλα φιλόπλουτος, ξρις άβρόπλουτος, ξετόφονοι τιμαί, εὅτεκνοι χρησμοί (Ι. Τ. 412, 1148, 776, Ion 423): see also 1010.

560. γιγνώσκων: parallel to έχθαίρων, πεπλ., έχων above.

564. els ταὐτό, on the same footing, making no distinction, that is be-

tween them and Medea's children; by this the latter would gain in consideration; cp. 596. — In the next line, Elmsley's conjecture, εὐδαιμονοῖ-μεν, certainly improves the sense.

565, 566. τί δεῖ; implies οὐδὲν δεῖ, hence $\tau \epsilon - \tau \epsilon = \pi \alpha i \delta \omega v$: i. e. 'any more children.' — λύα (sc. $\tau \epsilon \lambda \eta$) = $\lambda \nu \sigma \iota \tau \epsilon \lambda \epsilon \hat{\iota}$, as below 1112, 1362, and frequently in tragedy.

573 fig. The same sentiment again, Hipp. 616 fig., at greater length. χρήν: imperf. of unfulfilled necessity; GMT. § 49, 2, Note 3; G. § 222, N. 2; H. 703. — yap, the fact is. It may, like that in 122, be explained by assuming an ellipsis: 'Things are not as they ought to be, for...' But it must be borne in mind that $\gamma d\rho$ does not always mean for, and is not always a causal particle. Its original force $(\gamma \epsilon + d\rho)$ must have been intensive and consecutive, something like surely then, and the recognition of this accounts for many uses of $\gamma d\rho$ which otherwise can only be laboriously explained. So particularly the $\gamma d\rho$ of wishes, not only in the formula $\epsilon l \gamma d\rho$, but by itself (κακῶς γὰρ έξόλοιο Cycl. 261; Orest. 1147; Hipp. 640), which might be roughly rendered would then indeed. And so it may be taken here, as χρην is nearly the same as ωφελον. On this matter consult Klotz ad Devar. p. 231 flg., Bäumlein's Untersuch. üb. d. gr. Partikeln, p. 68 flg.; Kühner's Ausf. Gramm. II. p. 724. - our elvan: see on 73. - This speech of Jason's, 522-575, is just equal in length to Medea's, 465-519, each having 53 verses, excluding, of course, 468. This correspondence is common in the argumentative parts of Eurip. plays.

577. παρά γνώμην, contrary to your mind or wishes.

580. ἐμοί, to my mind: see on 404.

582 fig. γλώσση with περιστελεῖν. — αὐχῶν, presumptuously fancying. — οὐκ ἄγαν σοφός: Cp. Hec. 1192, where it is said that such men are σοφοί, but not διὰ τέλους σοφοί.

584 fig. $\dot{\omega}_{S}$ kal $\sigma\dot{v}$, κ . τ . λ . There is a slight turn in this sentence, from an assertion to a prohibition: As for instance you — had best not undertake to be, etc.; the full thought being, 'as, for example, you are a person of this sort, but beware of attempting your sophistries with me.' For $\dot{\omega}_{S}$ kal $\sigma\dot{v}$ ep. Andr. 703; Hipp. 651. — Extent: a wrestler's phrase.

588. τῶδε λόγφ: this argument in favor of my marrying the princess.

591 fig. The thought is abridged; it is in full: It was not that (fear of my anger) that restrained you (from telling me) but the consciousness that your real motive in deserting me was a different one, namely that your marriage with a foreigner was likely to prove not reputable for your old age; i. e. if continued through life.

594, 595. τήμαι: infin. after οἶδα instead of participle. This occurs only with $l\sigma\theta\iota$, chiefly after the phrase $ε\tilde{v}$ $\tau δδ'$ $l\sigma\theta\iota$, seldom elsewhere (Soph. Ant. 473, Phil. 1329). — λέκτρα βασιλέων, the royal bride. βασιλέων is

J- -- --

generalizing plural; of a royal personage, of royalty. The Ms. reading λ. βασιλέωs could only mean a king's wife. The correction is Elmsley's. — θέλων: as if έγημα had preceded.

598, 599. Let me not have prosperity which shall be galling, nor wealth which shall vex my soul; such as that must be which Jason claims to have provided for her. — $\kappa \nu (t_0)$: GMT. § 64, 1.

600. οίσθ' ώς...φανεῖ; equivalent to οίσθ' ώς μετευξαμένη σοφωτέρα φανεῖ; since μετεύξει is in thought subordinate to φανεῖ.

606. yapovora, by taking another wife, as you did?

. 608. ápala, a curse, curse-bringing. A dark threat. ápaîos has this sense Hipp. 1415, Iph. T. 778, and elsewhere.

609. &s with future indic. at the beginning of a speech, expressive of firm resolution; an Euripidean idiom. Sometimes, as here, in opposition to the preceding, sometimes in vehement assent. Usually explained (tσθι) &s, but perhaps rather the &s is causal: 'It is useless to talk, for—'; 'Have no fear about that, for—.'—κρινοῦμαι, litigabo.—τῶνδε: H. 577, Rem. c; G. § 173, 1, note.

613. σύμβολα: in contracting ξενία, guest and host broke a small bone (ἀστράγαλος), and retained each a half, to be used thereafter as a credential either by themselves or others whom they might send; an interesting usage of the heroic age.

617. 8(8ov, offer; GMT. § 11, N. 2; H. 702 end.

619. ἀλλ' οὖν: well, at any rate.

624. δωμάτων εξώπιος: an expression peculiar to Eurip. (Alc. 546, Suppl. 1038), and ridiculed by Aristophanes, Thesm. 881.

625, 626. σὺν θεῷ δ' εἰρήσεται, with leave of Heaven be it said; a formula to avoid the appearance of presumption and consequent divine displeasure. — ἀρνεῖσθαι, will be fain to disown.

627 fig. Jason having departed, the chorus (1) praises moderation and contentment in love and wedlock, and (2) bewails the los of the homeless. Medea remains upon the stage. — ὑπὸρ—ἄγαν, plus nɨmɨo; as it were, শπο over-excess.' Sometimes joined ὑπεράγαν.

629 fig. παρέδωκαν: gnomic acrist. The plural of acr. in -κα, Heracl. 319; Ion, 1200; H. F. 590; Or. 1166, 1641. — ἀνδράσιν = ἀνθρώπου 5. — ἄλις, (just en. -λ and no more) in moderation, as Alc. 2λθοι: GMT. § 54, 2, (a).

633 flg. χρύσέων: χρύσεος has $\ddot{\nu}$ often in lyric passages, a her rowed from the lyric poets. Pindar has even χρύσός once as with a poison. — οἰστόν: obj. of ἐφείης. Aphrodite at 129, 730, with Eros' bow.

635. στέργοι, lovingly watch over, as a parent over the original 639 flg. θυμὸν ἐκπλήξασα: see on 8. — ἀπτο τροτικών ting them.

Nanck rejects 723, 724, and 729, and places 730 after 726. — of σε μη μεθώ: GMT. § 89, 1; H. 845. — τιν : dativus commodi.

729. ἀπαλλάσσου πόδα: πόδα (οr κῶλον, etc.) is often joined, for greater vividness, to intransitive verbs of motion (βαίνειν, περᾶν, ἐπάσσειν, etc.) as a kind of cognate accusative (as it were, walk a footstep); especially common in Eurip.; Alc. 1153, Elec. 94, 1173, Hec. 53, 1071.

735 fig. Join rotrois arours in rains if μ , at the bidding of these, should they attempt to carry me off out of the country. Effection depend on $\mu \in \theta \in \mathbb{Z}_0$, which would require a genit. The Mss. have $\mu \in \theta \in \mathbb{Z}_0$, which, if right, would be for $\mu \in \theta \in \mathbb{Z}_0$, a solitary instance of its kind; this shorter form $(\mu \in \theta \in \mathbb{Z}_0 \mu \in \mathbb{Z}_0)$ is common enough in plural, but not in singular. Example of forcible abduction.

737 fig. are badly garbled in the Mss., which give ἐνώμοτος...κάπικηρυκεύμασι οἰκ ἄν πίθοιο: this makes the passage merely a repetition of the first part of the sentence. But plainly λόγοις δέ stands in opposition to ὁρκίοισι μέν, and the meaning must have been, 'but if you make an agreement in words merely, and not with oaths, then you will be likely to yield to my enemies' demands.' A single hint of the original text, κάπικηρυκεύματα, is furnished by a scholium. I have written the passage, nearly with Nauck, so as to give the needed sense, without feeling at all sure that the words are Euripides'. — φίλος: namely of my enemies.

739. τάμά: nearly equivalent to έγώ. Cp. Andr. 235.

741. The $as = \delta \delta \epsilon \iota \xi as \delta \nu \lambda \delta \gamma \delta \iota s$. (Porson.)

744 fig. Construe δεικνύναι έχοντα, to show that I have: cp. 548. Εχοντα (instead of έχοντι) agreeing with the omitted subject of the inf.; cp. on ἀνοίξαντα, 660. — τὸ σόν, thy interests. — Εξηγοῦ θεούς, name (properly dictate, go over beforehand) the gods I am to swear by. So Εξαρχ' δρκον, Iph. T. 743, administer the oath.

747. συντιθείε, together, comprehensively; γένος belongs with δμυν. Cp. Hec. 1184; fragm. 658. Verse 748 occurs again, Iph. T. 738.

750. Allos, on the other hand; Cp. on 296.

753. & for τούτοις &. It might have been of.

754. $\pi \acute{a}\theta ois = \epsilon \acute{a}\chi \epsilon \iota \pi a \theta \epsilon \grave{\iota} \nu$. Opt. of wishing in a question.

758. τυχοῦσ' ἄ βούλομαι: ἄ either for ἐκείνων ἄ, cp. 753; or like τοσόνδε 259. — Aegeus here departs towards the left, as going to foreign parts.

759. πομπαίος: Hermes, adept in cunning and subterfuge, guides persons through difficult enterprises and journeys: Rhes. 216; Soph. Elec. 1395; Phil. 133; Aesch. Eum. 90; Il. ω, 182.

760 fig. The construction is πράξειάς τε (έκεινα) ων έπίνοιαν κατέχων σπεύδεις (αὐτά). "Idem est έπίνοιαν κατέχων quod ἐπιθυμίαν ἔχων." (Elmsley.) Cp. πόθον κατέχων, Phoen. 330.

763. δεδόκησα: the dramatists use the tenses δοκήσω, etc., freely, especially in choral passages.

766. ἐξ ὁδὸν βεβήκαμεν: that is, we are no longer wandering at random, see our course clearly before us.

768 fig. ¶, where; καθ' δ μέρος. Schol. In the very matter, she means, which perplexed her most; see 386 fig. — ἐκάμνομεν: as a ship in distress: cp. Aesch. Theb. 210. — λιμήν: so Andr. 891 Orestes is called a haven.

770 fig. πρυμνήτην κάλων: the ancients moored their ships with the stern towards the shore. — μολόντες: see on 314. — ἄστυ, the lower town; πόλισμα, the acropolis.

773. Séxov, expect.

778, 779. These two verses come in very awkwardly after 777. They were plainly written as a substitute for it, not to follow it.

781. λιποῦσ' ἄν, Wecklein after Elmsley; the Mss. λιποῦσα. The participle represents the optative. — The next line is suspected by many; cp. 1060.

785. μη φείγειν depends on the idea of entreaty implied in δῶρα φέροντας. Cp. Suppl. 285, γούνασιν...πίτνω...τάφον έξαινόσασθαι, and Heracl. 345. This verse (lacking in a good Ms.) is also suspected.

790 fig. ἀπαλλάσσω, dismiss. — ἤμωξα: aor. as 223. Medea has now given up her former plan (375) of causing Jason's death. The idea which has all along been dimly present to her mind has now taken definite shape; she will take a more exquisite revenge by killing his children with his new wife, leaving him childless and without prospect of issue, to pass an old age of regret and remorse. — τοὐντεῦθεν: cp. on τοὐνθενδε, 1167.

795. φόνον φεύγουσα: the place of the murder was accursed for the murderer; he was obliged to flee and seek expiatory rites (καθάρσια, ἄγνισμα) at the hands of some one at a distance, to be freed from blood-guiltiness (μίασμα, αΐμα).

798. The thought suddenly strikes her that her life must be rendered miserable by such a deed, but she dismisses it with *Never mind*; what profits me my life in any case? **Two: a formula of indifference or defiant resolution; cp. 819; Heracl. 455; Orest. 794; cp. also 699.

802. viv θεφ, with Heaven's help; cp. 625.

814 fig. our forty, it cannot be. - magyouray after ool : see on 660.

819. obv (i. e. ol èr) plou, intervening; 'all that you can say meanwhile.' Cp. Hel. 630; Or. 16; H. F. 94. (Or perhaps between us; 'the present discussion'; cp. Hel. 944; Elec. 797.)

820 fig. Addressed to the nurse, who has come out from the house. — ποτά, confidential matters. — δεσπόταις, the generalizing plural; she means herself. — γυνή τ' ἔφυς: so as to sympathize with another woman.

824 fig. The first strophe and antistrophe celebrate the praises of Athens. After this apparent digression, the chorus returns to the matter in hand

with the thought, 'How can such a place harbor a criminal such as you will be,' and appeals again to Medea to desist from her design.

825 fig. θεῶν παῖδες: Erechtheus (or Erichthonius) was a son of Hephaestus and Gaea. — ἀπορθήτου: so that the autochthonic race have always remained in possession. — The σοφία is thought of as a natural product of the country. — λαμπροτάτου: the clear air of Attica was famous, and was thought to impart vivacity and grace.

834. 'Appoviav must be subject to $\phi \nu \tau \epsilon \hat{\nu} \sigma a\iota$, not object, for nine Muses could not bear one daughter. That the Muses were born in Attica, and that Harmonia was their mother, seems to be an invention of Euripides. Hesiod makes them daughters of Zeus and Mnemosyne, born in Pieria near Olympus.

835 fig. The text is in disorder. As it stands, the goddess dips water from the river to infuse its coolness into the breezes she wafts over the land. This is perhaps endurable, but hardly the double accus. with κατα-πνεῦσαι (either χώραs or μετρίαιs [αῦραιs] would be required); moreover, we have (after rejecting αῦραs, impossible for metrical reasons) a gap of seven syllables, best placed with Kirchhoff after χώραν, $\smile -$ - - $\smile -$. The lost words contained some equivalent to αῦραs.

844 fig. Loves which are the companions of wisdom are chaste and temperate loves as opposed to sensual passion, including the $\ell\rho\omega$ s $\psi\nu\chi\hat{\eta}$ s of the philosophers; see Eur. frag. 342. Such are $\pi\alpha\nu\tau\sigma$ o(as aperas $\ell\nu$), that is, join with wisdom in producing every virtue.

846 fig. The order: πῶς οὖν ἡ πόλις ἰερῶν ποταμῶν ἡ χώρα πόμπιμος φίλων ἔξει σε..., etc. — ἰερῶν ποταμῶν: gen. of characteristic, H. 568. — φίλων πόμπιμος, safely harboring its friends, affording them a safe refuge. In this sense πόμπιμος ὁ δαίμων (the Dodonian Zeus), Phoen. 984. — τὰν οὐχ ὁσίαν μετ' ἄλλων, you the polluted among your fellow-men.

854. πάντη σ' Nauck for πάντες. The repetition of σε is not surprising. 856 flg. φρενός...χαρλ...καρδία τε: a curious enallage; boldness either of mind or in your hand and heart. — τέκνον (vocative), Nauck. But even thus the text is hardly sound.

861 fig. ἄδακρυν... φόνου, keep tearless the lot of murder, i. e. 'keep from weeping at the murder you are destined to commit.' The emphasis falls on άδακρυν = ὥστε άδακρυν εἶναι. μοῖρα φόνου in the same sense, Elec. 1290.

864. φοινίαν of the effect; 'stain your hand red.'

866 flg. και γάρ as at 314. — οὐτάν: οῦτοι άν.

871. ὑπεργάζομαι, a rare word, seems here to have the sense of ὑπουργέω.

872. διά λόγων άφικόμην: H. 629 d. See on 1081.

876. ήμιν, of course, with συμφορώτατα. She gives him back his own arguments; see 563, 595; and so in the following sentences.

879. τι πάσχω; what am I thinking of? what possesses me to act as I do? Cp. 1049.

880. παίδες: referring to 565. — χθόνα φεύγοντας: their banishment from Iolcus is meant. — ήμας: Jason and all the family; see 551-554.

884. σωφρονείν refers to 549.

887. ξυμπεραίνειν and the following infinitives are brought in as if $h\nu$... μετέχειν had preceded, instead of the impersonal \hat{v} ... μετεῖναι. Hence, too, the accus. κηδεύουσαν. — παρεστάναι λέχει: that is, assist at the bridal ceremonies, particularly in conducting the bride into the θάλαμος. — νύμφην, κ. τ. λ.: construe ηδεσθαί τε κηδεύουσαν (tending) νύμφην σέθεν.

889 fig. ἐσμὲν οἰόν ἐσμεν: a depreciatory expression. Cp. 1011. Said in reference to 573 fig. — γυναῖκες is predicate nom., 'in short, we are women.' — κακοῖς: generalizing plural; you were not therefore bound to imitate a bad example like myself. She compliments him on his forbearance at their previous interview. — By νήπια she means blind, senseless invective.

892. παριέμεσθα, I speak you fair, I crave your good-will. παρίεσθαι is used of one who by concessions and fair words tries to win over another.

— φρονεῖν: infin. of the imperfect; GMT. § 15, 3.

896. διαλλάχθητε τής πρ. έχθρας, make peace in renouncing your former enmity. Since διαλλάσσομαι is strictly effect a change in my relations, it can, like any other compound of $d\lambda\lambda d\sigma\sigma\omega$, take the genitive. — The children, in answer to this summons, appear from the house accompanied by their guardian.

899 fig. οζμοι...κεκρυμμένων: with admirable art the poet makes Medea's grief overcome her in spite of the part she is acting, so as almost to betray her. Her tears burst forth at sight of the children, and these words escape her almost involuntarily. But, recovering herself, she goes on ἀρ' ὁ τέκνα, κ. τ. λ., so as to lead Jason to understand τὰ κεκρυμμένα of the hidden future, and refer her emotion to natural anxiety for the children's life.

904 flg. χρόνφ, at length. — τήνδε, as you see.

906 fig. χλωρόν, fresh. Like our green (wood, fruit, etc.), it is opposed to dry, withered, without reference to color; so, finally, as applied to wine (Cycl. 67) or water (Phoen. 660) it can mean little else than sparkling. — προβαίη μετζον = προβαίη ωστε μετζον είναι.

908. Exciva, your former conduct.

909 fig. δργάς ποιεῖσθαι: periphrasis for δργίζεσθαι. — παρεμπολώντος (αὐτοῦ): genitive absolute, instead of the dative with πόσει, simply for convenience of the verse. H. 791 d. Cp. Soph. Trach. 803.

912. νικώσαν = κρείσσω. - άλλὰ τῷ χρόνφ, in time at any rate (if not at once). For this use of άλλά, H. 863 a.

915. πολλήν Εθηκε προμηθίαν, has taken measures of great prudence. — σύν θεοίς, as 802.

917. τὰ πρώτα of persons of the highest rank, Or. 1248 and elsewhere.

920. τέλος, period. Just so Alc. 412, γήρως τέλος.

922. aut as vocative; H. 680 a; G. § 148, N. 2.

926. εὖ θέσθαι περί τινος is not Greek. The right expression (see Iph. T. 1003) is εὖ θέσθαι τά τινος. πέρι has crept in from above, and before τῶνδε two syllables (—), containing the article, have fallen out.

928. Em Sarpéois Equ, is by nature prone to tears.

929. τάλαινα, tenderly; poor woman. This verse comes in rather abruptly here. The coherence is improved by placing 929-931 between 925 and 926.

931. oluros et, a compassionate anxiety (ein wehmüthiges Gefühl, Klotz) as to whether. Cp. 184.

934. Evel, κ . τ . λ .: the apodosis is 938 fig. — amourethau: a mild term.

938 fig. ἀπαίρομεν: the present in a future sense, like είμι. H. 699 a; GMT. § 10, 1, Notes 6 and 7. — δπως άν: H. 741; GMT. § 44, 1, N. 2.

942. άλλά as 912; at any rate. — πατρός: the genitive with alrείσθαι (as if δείσθαι) is surprising; cp. 1154.

944 fig. melows of, that I shall persuade her (not that she will persuade him), as 946 shows. The following verse then means, 'if she is soft-hearted and susceptible to your blandishments like others of her sex.' Medea slyly flatters Jason's self-complacency; he prides himself on his influence with women. The Mss. continue 945 to Jason; that it belonged to Medea is seen from the scholia.

949. From 786. Elmsley and Kirchhoff reject it there and admit it here.

950. ἀλλά in abrupt transition. — δσον τάχος = ώς τάχος = ώς τάχοτα.

958. οδτοι μεμπτά, not to be despised, with a double meaning. The reader should not fail to note the covert irony of many of Medea's phrases, as 952, 957.

962. imas, me. Jason's vanity is wounded at the thought that gifts can prevail more than his own influence.

965. μή μοι στό: sc. λόγους λέγε. — λόγος: this proverb, as quoted Plat. Rep. 390, runs:—

δώρα θεούς πείθει, δώρ' αἰδοίους βασιληας.

paraphrased, Ovid, Ars Amat. iii. 653, munera, crede mihi, capiunt hominesque deosque.

966 flg. The argument is: 'such finery beseems a fortunate princess rather than an outcast like myself, and as for its value, I would give even my life to keep my children from banishment.' — δ δαίμων, Fortuna, the luck. — κεῖνα = τὰ ἐκείνης. — νέα τυραννεῖ, she is young—a princess. —

φυγές: that is, the remission of the penalty. ἀλλάσσεσθαι is receive in exchange for, purchase at the price of (less often give in exchange).

974. (τούτων) ὧν ἐρῷ τυχεῖν: purposely ambiguous. The omitted antecedent depends on εὐάγγελοι. — The children here depart with their guardian-slave and Jason.

978 flg. ἀναδεσμᾶν ἄταν, the bane of the head-bands = the baneful head-bands. — τὸν "Αιδα κόσμον, funestum ornatum. (Pflugk.)

985. νυμφοκομήσα: namely, as bride of Hades; the same idea Iph. Aul. 461, Or. 1109.

289. ὑπερφεύξεται: as out of a snare in which the feet are entangled: cp. Aesch. Pers. 100. Three syllables (~ - ~) are lacking after this word.

992 fig. παισίν—βιοτῷ: two datives, of the whole and part, instead of παίδων βιοτῷ. Cp. Hipp. 1274, ῷ μαινομένα κραδία...ἐφορμάση, H. F. 179; Bacch. 619; Heracl. 63.

995. μοίρας παροίχει, are at fault respecting your lot, fail to realize what awaits you; literally, have strayed beyond it. (Not, 'how art thou fallen from thy high estate.')

996. μεταστένομαι, I pass to bewailing, I bewail in turn (after having bewailed something else). Schol. μεθίσταμαι δὲ καὶ ἐπὶ τὸ σὸν ἄλγος. So μετακλαίομαι, Hec. 211. In neither of these places can μετα- mean too late or afterward. Cp. μετεύχομαι, 600.

1000. co: dat. of disadvantage.

1002. The $\pi a i \delta a \gamma \omega \gamma \delta s$, who has accompanied the boys to the palace, here returns with them, and addresses his mistress in breathless eagerness to tell the good tidings. Medea, assured of the success of her plans, and now brought face to face with her dreadful task, stands motionless with horror, and seems not to hear him. — $\delta \phi \epsilon i \gamma \tau a t$: cp. the construction of $\delta \phi \epsilon i \gamma a t$ here with that at 1155. Creon's consent had not yet been obtained (1156 fig.), but as the bride has promised to intercede, the servant thinks the matter certain.

1004. τάκειθεν, so far as matters in that quarter are concerned.

1006 flg. From 923 flg.

1009 fig. $\mu\hat{\omega}\nu\dots\hat{\omega}\kappa$ of a, do I, without knowing it, announce some mischance? $\tau\dot{\nu}\chi\eta$ in a bad sense, as 1203. — $\delta\delta\xi\alpha$ evaluations is the credit of bringing good tidings; see on 557.

1011. ήγγειλας οί' ήγγειλας: cp. 889.

1013 fig. πολλή μ' ἀνάγκη, sc. δακρυρροεῖν. — ταῦτα γάρ, κ. τ. λ. The idea is, 'my own perverseness, under influence of the gods, has brought this about.' She is thinking of the sending of the fatal gifts, but the old man understands her impending banishment, and answers accordingly.

1015 flg. κάτει, shalt return from banishment. — πρὸς τέκνων, through

thy children. — κατάξω in double sense; shall restore from banishment, and shall bring down to Hades.

1018. Ountdy over one who is mortal.

· 1020. The attendant enters the house; the children remain. In the remarkable scene which follows, Medea is swayed now this way, now that, by conflicting emotions.

1021 fig. πόλις and δώμα covertly allude to the lower world; so οἰκ. ἀκί with significance.

1026 fig. λέκτρα: not pleonastic, but = match, marriage. — λαμπάδας: to carry torches at the bridal festivities was the special duty of the mothers of the contracting parties.

1029. άλλως, to no purpose. — 1030 also in Troad. 755.

1035. ζηλωτόν: feminine, or neuter referring to the infin. clause? Probably the latter.

1039. ἄλλο σχήμα βίου: ambiguous; the boys understand the splendid life in the palace; she means the life below.

1046 fig. τούτων with emphasis; 'by harming them,' not the guilty man himself. — δis τόσα: twice as great as I inflict on him.

1049. τί πάσχω; as 879. — γίλωτα: forgiveness of a wrong the Greeks considered no virtue, but a weakness.

1051. της έμης κάκης, κ. τ. λ.: genit. of exclamation, followed by the infinitive expressing astonishment; GMT. § 104. Shame on my cowardice! To think that I should even have let slip soft words from my heart.

1054 fig. θύμασιν: she speaks of the murder as of a sacrifice, and says, 'let him whose conscience forbids his presence, stay away.' The language is that of one warning the unholy away from a sacred act. — αὐτῷ μελήσε, sc. μη παρείναι. — χεῖρα δ' οὐ διαφθερῶ, manum non corrumpam misericordia. (Pflugk.) The idea is enfeeble, destroy the force of; so γνώμην διαφθείρεω, allow my resolution to waver, Aesch. Ag. 932.

1056 fig. $\theta\nu\mu\dot{\epsilon}$: Medea addresses her passion as it were another person. She falters again for an instant, but with a sudden revulsion of feeling bursts forth $\mu\dot{\alpha}$ $\tau\circ\dot{\nu}_{S}$, κ . τ . λ . — $\dot{\epsilon}\kappa\dot{\kappa}$: in Athens.

1059 fig. With these words Medea's frenzy culminates; hereafter her mood is one of calm and unflinching resolution. — παρήσω: she persuades herself, in spite of 1045 and 1058, that it is too late to save the boys by flight. — 1062, 1063, from 1240, 1241.

1064. πέπρακται: GMT. § 17, N. 6.

1069. προσειπεῖν: this word means either to greet at meeting (895) or to bid farewell at parting; here the latter. The children are yet on the stage; Medea must have detained them at 1056.

1073. ἐκεῖ—ἐνθάδε: both with a double meaning.

1074. προσβολή: embrace. ἐν δὲ τῷ περιπτύσσεσθαι καὶ καταφιλεῖν ταῦτα λέγει. Schol. Cp. Suppl. 1139, προσβολαὶ προσώπων.

1077. of $a = ola \tau \epsilon$. So Kirchhoff. But the text is very uncertain.

1079. βουλευμάτων, better judgment. This sentiment Euripid. has repeated several times; as fragm. 838, αλαῖ, τόδ' ήδη θεῖον ἀνθρώποις κακόν, ὅταν τις εἰδῆ τἀγαθόν, χρῆται δὲ μή. Cp. the well-known words of Ovid's Medea (Met. 7, 20), video meliora proboque, deteriora sequor.

1081. The children have again entered the house; Medea remains anxiously looking for further news. Meanwhile the chorus-leader recites the following verses, which are not a stasimon, but only an anapaestic passage separating the parts of the episode, like that at 357, but of unusual length. She prepares the way for the sentiments about children she expresses below (1090) by saying that she, in spite of her sex, has participated in philosophical speculations, since some women, though few, have intellectual culture ($\mu \omega \hat{\nu} \sigma \alpha$). A similar exordium, Alc. 962. — Sid herr. $\mu \hat{\nu} \theta \omega \nu$ Employ, have engaged in subtler arguments; cp. 872.

1087 fig. παῦρον γένος, a small class: supply ἐστίν. μίαν was ingeniously supplied by Elmsley, after Heracl. 327, παύρων μετ' ἄλλων ἕνα γὰρ ἐν πολλοῖς ἴσως εὕροις ἀν ὅστις, κ. τ. λ. — τὸ γυναικῶν is added somewhat freely at the end; of womankind namely, referring to γένος.

1091. ἀπειροι, namely παιδοποιίαs, as the next clause shows. A like sentiment, Alc. 880; the reverse, lon 488.

1094 fig. δι ἀπειροσύνην είτε, through inexperience as to whether.—ούχι τυχόντες, inasmuch as they have none (children).

1101 fig. πρώτον μέν—τε: see on 126.— ὅπως θρέψωσι: GMT. § 45 and Note 8. — ὁπόθεν λείψουσι is an indirect question partaking of the nature of an object clause after an expression of care or anxiety; cp. GMT. § 45 Remark, and foot-note.

1103. ek, after.

1105. τὸ π. λοίσθιον κακόν, the crowning evil of all.

1107. και δή as 386.

1109. εί δὲ κυρήσαι δαίμων οὐτος, si tamen ea fortuna eveniat. (Elmsley.)

1112 fig. $\lambda \dot{\nu} \epsilon = \lambda \nu \sigma \iota \tau \epsilon \lambda \epsilon \hat{\epsilon}$, as 566. — $\tau \dot{\eta} \nu \delta \epsilon \lambda \dot{\nu} \pi \eta \nu$ is the grief of losing children by death, and the sense is: 'Why, for the sake of having children, should men incur such afflictions at the hands of the gods?'

1117. τάκειθεν for τὰ ἐκεί, from the influence of καραδοκώ.

1123. λιπούσα: that is, 'not leaving unused,' taking the first means of conveyance that offers. ναίαν ἀπήνην: a circumlocution for ship, like νάϊον ὅχημα, Iph. T. 410.

1129. μέν as in 676. — φρονεῖς ὀρθά; are you in your right mind?

1133. μή σπέρχου, don't be excited. — φίλος: nomin. for vocative.

1140. ἐσπεῖσθαι = σπονδαῖς διαλελυκέναι.

1141. δ μέν τις: H. 525 a, fine print. τις shows that δ μέν does not refer to any particular person.

1143. στέγας γυναικῶν (accus. of place whither), the γυναικωνῖτις or women's apartment. It was unusual for a man to enter this, but the joy of the moment excused this infraction.

1144. θαυμάζομεν, look up to. (Elmsley.)

1150. ὀργὰς ἀφήρει: 456 and note.

1151 fig. où $\mu\eta$ Suo $\mu\nu\eta$ Suo $\mu\nu\eta$ Seca... π aúo ϵ Sè... κ al o τ pé ψ es, κ . τ . λ ., be not wrathful.. but cease...and turn, etc. GMT. § 89, 2 and Note 1, where similar examples. The futures express a command, and are probably interrogative, où going with all of them, $\mu\eta$ only with $\xi\sigma\epsilon$. Otherwise Goodwin, l. c. Rem. 1.

1153. ούσπερ άν, sc. νομίζη.

1154 fig. παραιτήσει: παραιτεῖσθαι πατρόs is less anomalous than αιτεῖσθαι πατρόs, 942, but both are singular. — ἐμὴν χάριν adverbial, for my sake.

1158 fig. a meiva: the boys returning home with their attendant, Jason going elsewhere. — $\eta \mu \pi i \sigma \chi \epsilon \tau o$: aor. (H. 438, 5); the form $\dot{\eta} \mu \pi \dot{\epsilon} \sigma \chi \epsilon \tau o$, with double augment, is very doubtful.

1162. εἰκώ (gen. εἰκοῦς, Hel. 77), collateral form of εἰκών.

1165 flg. πολλά πολλάκις, often and again. — τένοντ' ès ὀρθόν: τένων is certainly the foot (properly the sinew of the heel), as Bacch. 938, and δρθός seems to mean raised on tiptoe. She stands on tiptoe and looks over her shoulder to survey the fall of the robe.

1167. τούνθένδε, deinde. Strictly an appositive; as the next thing in order.

1169 fig. $\phi\theta\dot{\alpha}\nu\epsilon$ with a participle as usual, but followed by $\mu\dot{\eta}$ meorive (instead of the more regular $\pi\rho i\nu$ $\pi\epsilon\sigma\epsilon\dot{\nu}\nu$), since it implies prevention, a negative idea. GMT. § 95, 2 (c); H. 838. Scarcely does she throw herself...in time to avoid falling, etc.

1172. Havds doyds. Such a sudden and unaccountable feeling of terror as sometimes comes over one in deep forests and lonely mountain glades the Greeks believed to be sent by Pan, and thence any apparently causeless fright or panic ($\pi \alpha \nu i \kappa \delta v$), even in battle, as well as sudden madness and epileptic fits, were thought to come from him. A like crazing influence over the mind was ascribed to other deities, Dionysus, Hecate, Cybele. In such cases it was proper that the divine presence be recognized by an $\delta \lambda \delta \lambda \nu \gamma \dot{\gamma}$ or prayerful ejaculation, a peculiar cry of the women, expressive of religious fervor and joy, and used on divers sacred occasions.

1173 fig. πρίν γε, till at length. — όμμάτων άπὸ κόρας στρέφουσαν: i. e. άποστρέφουσαν κόρας όμμάτων. Tmesis.

1176. ἀντίμολπον, in a different strain from, governs δλολυγής. Cp. Alc. 922, ὑμεναίων γίος ἀντίπαλος.

1181 fig. ήδη... ήπτετο shows how long it was that the princess lay in her swoon. Already a swift walker, at a brisk pace (ἀνέλκων κῶλον), would have been reaching the goal of a course six plethra long (that is, would have walked a stadium), when she, etc. The transcribers strangely misunderstood and garbled this passage. The reading in the text is Porson's, after corrections of Reiske and Musgrave. But even this is hardly sound; ἀνέλκων, in this connection, for ἀνακουφίζων, ἐξαίρων, is odd, and as all the Mss. have the acc. ἔκπλεθρον agreeing with κῶλον, it seems likely that κῶλον (as Aesch. Agam. 344) meant one side of a double race-course, and that ἀνέλκων has replaced some other participle, with the idea of passing over; perhaps ἀνέρπων or ἀνελθών (Weil ἀνειλῶν).

1183. Εξ as in the expressions έξ είρηψης πολεμεῖν, ἐκ δακρύων γελᾶν, etc. Transl. from this condition of, or after remaining with. — ἀναύδου with δμματος by a kind of zeugma. Elmsl. compares τυφλην χεῖρα, Ph. 1699, τυφλῷ ποδί, Hec. 1050.

1193. By σύνδεσμα are meant clasps of some sort (cp. Bacch. 697), by which the head-dress was fastened on, and 'the gold held the clasps' means simply that the golden clasps would not give way.

1196. κάρτα δυσμαθής ίδειν, very hard to recognize at sight.

1197. δήλος: see on 61. — κατάστασις, expression, strictly settled condition.

1200. πεύκινον δάκρυ· πίσσα. Hesych.

1204. τύχην...διδάσκαλον: i. e. we learned caution from the recent calamity.

1209. γέροντα is used adjectively. γέρων τύμβοs, of an old man ripe for the grave, occurs again Herael. 166.

1216. ἡ δ' ἀντελάζυτο: of course only in appearance, by the adhesion of the robes; it does not imply, as the Schol. thought, that she was still alive. — πρὸς βίαν ἄγοι, struggled violently.

1218. ἀπέστη, desisted.

1221. ποθεινή δακρύοισι: a misfortune welcome to tears is boldly put for one which calls for, or excites a desire for tears. (The meaning to be mourned for, which Liddell and Scott, 6th ed., assign to ποθεινός here, it cannot possibly have.)

1222. The sense: 'your situation I will not speak of.'

1224 fig. The messenger closes with some rather gloomy reflections: there is, he thinks, no such thing as true happiness among men; philosophers, who pretend to have found the key to εὐδαιμονία, are guilty of most serious deceit. — οὐ νῦν πρῶτον: cp. 293, 446.

1227. $\xi\eta\mu\ell\alpha\nu$: they deserve punishment, he means, for misguiding the multitude. Many write $\mu\omega\rho\ell\alpha\nu$ on conjecture.

1228 flg. He distinguishes between εὐδαιμονία, complete happiness un-

alloyed with misery, and εὐτυχία, mere good luck for the time being. — The messenger now departs.

1236 fig. τούργον: subject of δέδοκται and explained by the inf. ἀφορμ and ἐκδοῦναι as appositives. — κτανούση—ἄγουσαν: the nearer conforms itself to μοι, the latter falls back into the accus.

1240. **TAYTOS**, in any case. Even if she spared them, they would be killed as instrumental in causing the death of the princess and Creon.

1243. μὴ πράσσειν: μὴ οὐ (which Elmsley restored) would be in place here, but is not necessary; see GMT. § 95, 2, Note 2, last part.

1245. $\beta a \lambda \beta i \delta a$: the deed is to be the beginning of a long career of wretchedness, which she likens to a race. — $\lambda \nu \pi \eta \rho \Delta \nu$ goes in thought rather with βlov ; see note on $\kappa a \theta a \rho \Delta \nu$, 660.

1250. τε-δέ: H. 855 b. — Medea enters the house.

1251 fig. The text of this ode is corrupt in several places, though its tenor is plain. The chorus calls, as a last resort, on the gods to prevent the impending crime; on the Sun, Medea's and the children's ancestor, and the Earth, who will be polluted by the blood; deplores then the murderous frenzy which can bring nothing but evil in its train.

1252 fig. 'Achos has not often α, but a clear case seems to be Soph. Trach. 895. — κατίδετ' ίδετε: as ὑπάκουσον ἄκουσον, Alc. 400, and several other examples. The preposition belongs equally to both verbs. 'Look on her before she does the deed' implies, of course, 'prevent her.'

1255 fig. The Mss. σᾶs γὰρ ἀπὸ against metre; ἀπό has crowded out some trochaic word beginning with a consonant. — ξβλαστεν: who? Medea, as it stands. But it is the boys' divine origin that the chorus is thinking of, not Medea's, who is referred to in the next line as ἀνέρες. So, too, the Scholiast; ξβλαστεν· ἀντὶ τοῦ ἐβλάστησαν, ξφυσαν. ἐπεὶ ἡ Μήδεια μὲν ἔκγνονος Ἡλίον, οῦτοι δὲ ἐκ Μηδείας. It is likely that the lacuna contained a word designating the children. Wecklein writes σπὲρμα; it might be a neut. plural. — θεῶν, κ. τ. λ., there is fear that a god's blood (in the boys' veins) be shed by human hands. The Mss. αίματι, giving neither sense nor metre; -τι is a trace of some lost word; Wecklein πέδοι. Perhaps αίμ' ἐπὶ γᾶ.

1259 fig. **ξελ' οἴκων**, κ. τ. λ., expel from the house the demon of vengeance, bloodthirsty, driven hither and thither by the Furies. Not Medea herself, but rather her guiding genius is meant. I have written nearly with Weil; the Ms. reading violates the metre, and affords no dependence for the last two words. — ἀλάστορον: from nom. ἀλάστορος, another form for ἀλάστωρ.

1261. μόχθος τέκνων, the toil expended on the children.

1267. ἀμάβεται as it stands must be rendered comes in turn, ensues. But the metre betrays a gap of two short syllables.

1268 fig. Obscure and corrupt. The most that can be made of it is: grievous to mortals is the stain of kindred blood (ὁμογενῆ μιάσμ.) abroad in the land, recoiling from the divine hand (θεδθεν πίτνοντα) as corresponding woes (συνφδά $\delta \chi \eta$) upon the house of the murderers (αὐτοφόνταις έπὶ δόμοις). συνφδά, sc. τοῖς μιάσμασιν; commensurate with the guilt.

1271. The voices of the boys are heard behind the scene. The two verses οἴμοι...ὀλλύμεσθα γάρ come in the Mss. before 1273. But the antistrophe shows that two trimeters are wanting after 1274, and it seems best (as Seidler first proposed) to insert these, and supply their place above with some exclamation (as alaî) standing extra metrum. The falling out of this word occasioned the transposition.

1275 fig. ἀρήξαι: ἀρήγω construed like ἀμόνω, as Tro. 776, παιδί τ' οὐ δυναίμεθ' ἀν θάνατον ἀρήξαι, and Heracl. 840. — δοκεῖ μοι, I have a mind. But, with a timidity characteristic of the chorus, they do not venture after all. So Aesch. Ag. 1346 the chorus, in a similar situation, talk of coming to the rescue, but do not do it. Cp. Hipp. 782.

1278. άρκύων ξίφους: a like figure, H. F. 729, βρόχοισι δ' άρκύων...ξιφηφόροισι.

1279. 100a: see on 1, 703.

1281. τέκνων άροτον (segetem liberorum, Pflugk) periphrasis for τέκνα. — αὐτόχειρι μοίρα, a death inflicted by thine own hands, like αὐτόχειρι σφαγŷ, Orest. 947.

1284. Ino, daughter of Cadmus, wife of Athamas, had incurred Hera's anger by caring for the infant Dionysus, whence she and her husband were visited with madness. The commoner form of the story is that Athamas blew one of their children, Learchus, and would have slain the other, Melicertes, but that Ino fled from him and leaped into the sea with the infant in her arms. But Euripides has here followed another account, not elsewhere found, which makes Ino kill both children in her frenzy, and then throw herself into the sea in despair. The gods took pity on Ino and she became a sea-goddess under the name of Leucothea; Odyss. ε, 333.

1286. φόνφ is dat. of cause.

1288. ἀκτής: the Molurian rock near Megara. — ὑπερτείνασα πόδα: namely in the act of stepping off into the sea.

1290. Savov: that is, that can be called terrible in comparison with these crimes.

1293. Jason comes in breathless haste to save his children from the vengeance of the Corinthians.

1296 fig. νιν-σφε: the repetition of the pronoun after so short an interval is singular. But as δεί can take an accus, even without an infinitive (as δεί με τούτου), it is possible that νιν was felt to belong so closely to δεί as to justif; another subject for the infinitive, somewhat as in Paley's ren-

dering, "it is needful for her that she..." — πτηνόν, on wings. — et μη δώσει, if she means to escape paying; GMT. § 49, 1, Note 3.

1300. acri : "plane hic otiosum et supervacaneum vocabulum." Hermann. Not so; the sense is, 'does she who killed others expect to escape death herself?'

1301. ἀλλὰ—γάρ: not as 252, 1085, but ἀλλά introduces ξρξουσι below; cp. 1067, 1344.

1302 fig. (οῦτοι) οῦς (κακῶς) Εδρασεν Ερξουσιν κακῶς. — ἐκσῷσαι: GMT. § 97, Note 1, latter part.

1304 fig. μοι: dat. incommodi of the person remotely interested, as in 283. With δράσωσι understand αὐτούς. — οι προσήκοντες γένει: sc. Κρέοντι. — μητρῷον, committed by their mother. — ἐκπράσσοντες φόνον = ἐκπρ. φόνου δίκην.

1309. $\pi a \hat{t} \delta e_S - \sigma \ell \theta e \nu$ together. $\sigma \ell \theta e \nu$ is similarly placed, Suppl. 133; Phoen. 1213, 1588.

1310. τί λέξεις; (GMT. § 25, 1, Note 6, last part), what do you mean? The future as if the speaker did not comprehend the whole calamity and expected some further account.

1311. ώς οὐκέτ' ὄντων: on the construction GMT. § 113, Note 10 (b). — φρόντιζε, consider solemnly, take it to heart.

1314 fig. Addressed to the slaves within, who alone can undo the fastenings. Cp. Or. 1561; H. F. 332; Hipp. 808; I. T. 1304 (τοῖς ἐνδον λέγω).

— διπλοῦν κακόν: the corpses and the murderess. — In τὴν δὲ τίσωμαι there is an abrupt change of construction; we should expect τὴν δὲ κτείνασαν, ἡν τίσομαι φόνφ.

1317. While Jason is trying to force the door, Medea suddenly appears aloft in a chariot drawn by dragons (see Hypothesis), bearing the bodies of the boys. — ἀναμοχλεύεις: so Heracles (H. F. 999) σκάπτει, μοχλεύει θύρετρα, not, however, on the stage. That Jason actually uses a lever is hardly to be thought; probably the word is applied metaphorically to his efforts to lift the door off its hinges. But the phrase excited the ridicule of Aristophanes, Clouds 1397.

1322. Ερυμα χερός, protection against the hand.

1323. μέγιστον έχθίστη: strengthened superlative; cp. πλείστον ήδίστην, Alc. 790.

1329. φρονών: participle of the imperfect; GMT. § 16, 2.

1333. $\tau \hat{\omega} v \sigma \hat{\omega} v \dots \Re eol$, an avenging demon which haunted thy family the gods have hurled upon me. This refers back to $v\hat{v}v \phi \rho ov\hat{\omega}$, 1329. The sense of the whole is, 'Now I realize what I did not realize before; an ancestral curse which rested on thy family has passed over upon me.' The idea of the $d\lambda d\sigma \tau \omega \rho$, so prominent in Greek tragedy, had its roots in the popular belief. It is a demon of vengeance, which ceaselessly haunts its victims,

and passes from generation to generation perpetuating crime and misery. So here the $d\lambda \delta \sigma \tau \omega \rho$ spoken of (the evil genius which actuates Medea) is the personification of an ancient curse clinging to Medea's family; it had wreaked itself on that family in the murder of Apsyrtus, and now on Jason in the murder of his children. (The reading $\tau \hat{\omega} \nu \sigma \hat{\omega} \nu d\lambda$ is due to Wecklein, who, however, interprets it wrongly 'the demon that avenged thy kindred.' But $d\lambda d\sigma \tau \omega \rho \tau \omega \delta \sigma$ is, in good writers, never the demon which avenges one, but that which haunts one.)

1334. $\pi\alpha\rho\delta\sigma\tau r \omega \nu$ heightens the guilt. He had fled to the $\delta\sigma\tau la$ as a suppliant. Eurip. adopts the account, also followed by Sophocles in the $Ko\lambda\chi i\delta\epsilon s$, that Apsyrtus was murdered at home. The common story is that he accompanied Medea and Jason in their flight, and was slain on the way.

1337. ἀνδρὶ τῷδε, (huic homini) me.

1340. ών: the plural idea, Ἑλληνίδων γυναικών, is involved in the preceding.

1342. Tupenvisos: either Italian (the Etruscans being to Eurip. the representative people of Italy), or because she lived at the entrance to the Tuscan sea. Cp. 1359.

1344. άλλά introduces ξρρε. See on 1301.

1347. $\pi \acute{a} \rho a = \pi \acute{a} \rho \epsilon \sigma \tau \iota$; cp. 443.

1348 fig. Observe οὖτε—οὖ correlated. — προσειπεῖν: see on 1069.

1351. If rava: the aor. refers to the present moment, the idea being, I should undertake to make a long speech (which, however, I do not), whereas effereuror would mean rather, I should now be making a long speech. GMT. § 49, 2, Note 5; H. 746 a, last part. Cp. v. 425.

1357. ἀτιμον: ἀτιμώρητον (Schol.), unavenged, a meaning which the word has Hipp. 1417, Aesch. Ag. 1279. It takes the emphasis; 'Creon was not going to banish me without my having my revenge.' ἄτιμος gets this meaning naturally; it is, without satisfaction, deprived of one's due, since vengeance was a τιμή or natural right.

1359 fig. Φκησεν, has fixed her habitation in, so dwells in. — ès χρή, 'comme il faut,' finely.

1362. λύει (566) άλγος, grief profits me; i. e. I can afford to grieve.

1364. νόσφ, morbid passion.

1366. σοί: in sense with υβρις as well as γάμοι.

1367. Ye belongs to $\lambda \epsilon \chi o u s$: an enclitic (or $\mu \epsilon \nu$, $\delta \epsilon$) often separates $\gamma \epsilon$ from its word.

1371. εἰσίν answers οὐκέτ' εἰσί of the previous verse. 'They live as ruthless avengers to haunt thee.' μάστωρ (polluter) is either (1) a guilt-stained wretch whose contact defiles others, or (2) the ghost of a murdered man haunting the murderer, and producing μίασμα, blood-guiltiness.

Here and Aesch. Eum. 177 it has the latter sense. Hence $\sigma\hat{\phi}$ κάρφ, because their blood is upon Medea's head.

1374. στύγε, abhor me if you will; referring to the word ἀπόπτυστον above. — βάξιν here means conversation, society.

1375. βάδιοι δ' ἀπαλλαγαί. Medea wishes him to leave her (this is implied in 1374), that she may accomplish undisturbed the burial of her children before setting out for Athens. He says, riddance is casy, i. e. to be had on easy terms. She scornfully asks 'how?' affecting to be anxious to comply. (Yet we fail to see how Jason's presence is any hindrance to Medea, for she is mistress of the situation, and can proceed in her dragoncar at any moment to bury the bodies. But to take ἀπαλλαγαί, with Paley, to mean divorce does not help the matter.)

1379. The most famous Corinthian temple of Hera $d\kappa\rho ala$ (goddess of the heights) was at the end of the Heraean promontory in the Corinthian gulf, distant from the city several miles in a straight line across the bay. Elmsley and most others have supposed that temple to be meant here. But the local tradition represented the children as buried in the city itself; at least their monument $(\mu\nu\hat{\eta}\mu\alpha)$ stood there, near the street leading toward Sicyon. And we know that in the same quarter, on a spur of the Acrocorinthus, there was a temple of Hera \betaourala . Now as \betaourala and $d\kappa\rho ala$ seem to be equivalent terms, it is altogether probable that this was the temple in which the rites relating to Medea were celebrated, and in the $\tau\ell\mu\nu\sigma$ of which the children's graves were. This view is confirmed by the Schol. on this passage, who says that the temple here mentioned was situated on the Acrocorinthus. See E. Curtius, Peloponnesus, Vol. II. p. 533.

1380. So $\mu \eta$ τv_s , κ . τ . λ . The sacredness of the place would insure this. 1382. Forther kal $\tau \xi \lambda \eta$: see Introduction, § 18.

1386. Medea here appears endowed with the prophetic gift, to which she has a right as a sorceress and the grand-daughter of a god. As to Jason's death, see the first Hypothesis. The Schol. knows another account, according to which Jason had hung up the ship's gunwale in the temple of Hera, and this fell down and crushed him. See also Neophron, frag. 3, Appendix.

1389 fig. ἀλλὰ σε (not ἀλλά σε), with emphasis on the pronoun. — Έρινὺς τέκνων: the Erinys of a particular person is often spoken of as avenging his death. — φονία, i. e. requiting murder with murder.

1396. οὖπω θρηνεῖς: the sense is, 'You do not yet know what grief is. Wait till you are old.' (Paley.) He will then feel what it is to be childless. — και $\gamma \hat{\eta} \rho \alpha s$, age in addition to your present afflictions.

1400. προσπτύξασθαι (here = kiss, cp. Phoen. 1671), infin. of purpose added epexegetically.

1401. προσαυδάς: see on 1069. This verb is regularly used of farewell words spoken to the dead, — a Greek custom. — ἀσπάζει: of a parting salutation, as Tro. 1276.

1408. ὁπόσον refers to the whole of the next line. 'I do at least what I can, I lament...'

1413. ¢óras: the participle contains the leading idea, as often. Would that I had never begotten them, to see them, etc. — ठं¢kov: augmentless also Aesch. Pers. 915.

1416 fig. These seem to have been stock verses of Euripides, for they conclude not only this play, but also the Alcestis, Andromache, Bacchae, and Helena. On this Hermann (Bacch. 1388) says: "Qui factum sit ut Euripides quinque fabulas iisdem versibus finierit, non memini me a quoquam interpretum indicatum legisse. Scilicet, ut fit in theatris, quum actorum partes ad finem deductae essent, tantus erat surgentium atque abeuntium strepitus, ut quae chorus in exitu fabulae recitare solebat, vix exaudiri possent. Eo factum, ut illis chori versibus parum curae impenderetur." Others have thought that such endings were added by the actors. Wecklein points out that 1417 fig. do not apply to the Medea.

CHIEF DEVIATIONS

FROM THE BEST MANUSCRIPTS.

THE following list includes only cases in which the reading adopted in the text is found in no manuscript of the 1st class (see Intr. § 8). Before the colon stands the adopted reading, after it the reading of the 1st class Mss., minor variants neglected. Where the former is derived from Mss. of the 2d class it is marked 2; where from the scholia, S; otherwise it stands by conjecture only. Smaller corrections are omitted.

METRES OF THE LYRICAL PARTS.

FIVE	kinds	are	nsed	in	this	play.

- 1. Dactylo-epitritic (or *Doric*) strophes are composed of the following elements (series or cola):
 - (1) / _ _ _ _ _ Dactylic tripody, with spondee in 3d place. .
 - (2) L____ Second epitrite (trochee and spondee).

Either of these may be catalectic; so arise:

- (3) / - - -
- (4) Ľ し ニ

These elements are combined in various ways, mostly two or three uniting to form a verse. Forms (1) and (2) may shorten the last syllable in caesura, even in the middle of a verse. An anacrusis may be prefixed to any verse. Sometimes, especially at the end of the strophe, other dactylic and trochaic series are employed. The movement is in common (3) time; the trochee being

- 2. Logacedic strophes; see Hadl. 916. They unite dactyls and trochees in the same series (colon). Pure trochaic (or iambic) series may be used with the logacedic. They move in triple (*) time; the dactyls being cyclic and the spondees irrational (*).
- 3. Dactylo-trochaic strophes consist of dactyls and trochees (or iambi) in separate series. A dactylic and a trochaic series may, however, unite to form one verse (Hadl. 909 n. o. p.). A spondee standing for the last dactyl of a series may shorten its final syllable even in the middle of a verse. The movement is in triple time, with cyclic dactyls and irrational spondees.
 - 4. Dactylic verse; H. 908. Common (2) time.
- 5. Dochmii; see H. 928. Their rhythm is broken, alternating with ;

In the following schemes the foot-ictus is marked with \cdot , the first ictus of each series (colon) with \prime . The sign \sqsubseteq denotes a *triseme* long syllable (), \sqsubseteq a *tetraseme* ().

APPENDIX.

I.

FRAGMENTS OF NEOPHRON'S MEDEA.

(See Nauck, Trag. Graec. Fragm., p. 565 flg.)

1.

καὶ γάρ τιν' αὐτὸς ἥλυθον λύσιν μαθεῖν σοῦ · Πυθίαν γὰρ ὄσσαν, ἡν ἔχρησέ μοι Φοίβου πρόμαντις, συμβαλεῖν ἀμηχανῶ · σοὶ δ' εἰς λόγους μολών γ' ἄν ἤλπιζον μαθεῖν.

2.

εἶεν· τί δράσεις, θυμέ; βούλευσαι καλῶς πρὶν ἢ ἐξαμαρτεῖν καὶ τὰ προσφιλέστατα ἔχθιστα θέσθαι. ποῖ ποτ' ἐξῆξας, τάλας; κάτισχε λῆμα καὶ σθένος θεοστυγές. καὶ πρὸς τί ταῦτα δύρομαι ψυχὴν ἐμὴν ὁρῶσ' ἔρημον καὶ παρημελημένην πρὸς ὧν ἐχρῆν ἤκιστα; μαλθακοὶ δὲ δὴ τοιαῦτα γιγνόμεσθα πάσχοντες κακά; οὐ μὴ προδώσεις, θυμέ, σαυτὸν ἐν κακοῖς. οἴμοι, δέδοκται· παῖδες, ἐκτὸς ὀμμάτων ἀπέλθετ' ἤδη γάρ με φοινία μέγαν δέδυκε λύσσα θυμών. ὧ χέρες χέρες, πρὸς οἷον ἔργον ἐξοπλιζόμεσθα · φεῦ, τάλαινα τόλμης, ἡ πολὺν πόνον βραχεῖ διαφθεροῦσα τὸν ἐμὸν ἔρχομαι χρονῷ.

3

φθερεί τέλος γάρ αὐτὸς αἰσχίστφ μόρφ βροχωτὸν ἀγχόνην ἐπισπάσας δέρη. τοία σε μοίρα σῶν κακῶν ἔργων μένει, δίδαξις ἄλλοις μυρίοις ἐφημέροις Θεῶν ὕπερθε μήποτ' αἵρεσθαι Βροτούς.

II.

FRAGMENTS OF ENNIUS' MEDEA.

(Ribbeck, Trag. Lat. Reliq., p. 36 fig.)

1. (Eurip. v. 1.)

Utinám ne in nemore Pélio secúribus caesá cecidisset ábiegna ad terrám trabes, neve índe navis íncohandae exórdium coepísset, quae nunc nóminatur nómine Argó, qua vecti Argívi delectí viri petébant illam péllem inauratam árietis Colchís, imperio régis Peliae, pér dolum. Nam númquam era errans méa domo ecferrét pedem Medéa, animo aegra, amóre saevo saúcia.

2. (₹. 49.)

Antíqua erilis fída custos córporis, quid síc te extra aedis éxanimata elíminas?

3. (v. 57.)

Cupido cepit miseram nunc me, proloqui caelo átque terrae Médeai miserias.

4. (v. 181.)

. . . . fluctus vérborum aures aúcupant.

5. (v 214.)

Quae Corinthum arcem altam habetis, matronae opulentae, optumates —

Múlti suam rem béne gessere et públicam patriá procul, múlti qui domi aétatem agerent, própterea sunt împrobati.

6. (v. 250.)

. . . . nam tér sub armis málim vitam cérnere, quám semel modo párere.

7. (v. 852.)

Si té secundo lúmine hic offéndero, moriére.

8. (v. 865.)

Néquaquam istuc ístac ibit: mágna inest certátio.

nám ut ego illis súpplicarem tánta blandiloquéntia —?

9. (v. 371.)

Ille transversa ménte mi hodie trádidit repágula, quíbus ego iram omném recludam atque illi perniciém dabo, míhi maerores, illi luctum, exitium illi, exiliúm mihi.

10. (v. 502.)

Quo núnc me vortam? quód iter incipiam ingredi? domúm paternamne ánne ad Peliae filias?

11. (v. 530.)

Tú me amoris mágis quam honoris sérvavisti grátia.

12. (v. 764.)

Sol, quí candentem in caélo sublimás facem.

13. (v. 1069.)

14. (v. 1251.)

Júppiter tuque ádeo summe Sól, qui omnis res inspicis, quíque luminé tuo maria térram caelum cóntines, inspice hóc facinús priusquam fíat: prohibessis scelus.

15. (See Introd. § 13.)

Qui spse sibi sapiéns prodesse non quit, nequiquam sapit.

16.

[Médea, utinam ne úmquam Colchis cúpido corde pedem éxtulisses.]

In all probability the two following fragments belong here too:—

Inc. inc. fab. 94 (Eur. v. 476.)

Nón commemoro quód draconis saévi sopivi impetum, nón quod domui vím taurorum et ségetis armataé manus.

Enn. inc. nom. 25 (Eur. v. 714.)

Út tibi Titánis Trivia déderit stirpem líberum.
